

WHAT IF YOU HAD A FIRE AND NO ONE CAME?

The Red Rock Fire Department provides fire protective and emergency services to the community of Red Rock, which covers over 40 square kilometers. The fire protection and emergency services delivered by the Red Rock Fire Department would not be possible without the dedication and commitment from volunteers within the community.

Junior Fire Fighter Program

Mission Statement

*To provide a quality fire/rescue service
to our community and its visitors.*

Volunteering

Ever thought about becoming a Volunteer Firefighter?

Interested individuals must be willing to commit substantial time and effort on a voluntary basis for the greater good of the community. The Recruit Training Program contains a mix of physically demanding 'hands-on' training as well as technical 'classroom' sessions that provide the students with the fundamentals of basic firefighting before becoming an active member on our emergency response team. You must:

- Be 18 years of age or older
- Be physically fit for the position of firefighter and able to pass a physical
- Be able to complete a D.Z. Driving Test within 2 years
- Be able to attend Fire Practices the 2nd & 4th Monday of each month between 7:00 - 10:00pm except July & August

If you are a motivated individual with the desire to create positive change in your community, then this may be your calling. Interested applicants can download a Volunteer Firefighter Application Form or obtain a copy at the Municipal Office.
