### **Recommendation to Council**

Following the receipt of 5 invitational responses to RFP 2021-01 Contract Administration and Engineering Services for ICIP Green – Newton, Frost, Stadler and Brompton Water and Wastewater Rehabilitation and Replacement a team of 4 individuals met to review the responses.

Through careful evaluation each submission was scored on proposal structure, company experience, team qualifications, methodology and approach, scheduling and fees. The submission with the highest overall score had the second-highest fee.

It is recommended to Council that the Township of Red Rock enter into an agreement with **JML Engineering** for Contract Administration and Engineering Services for Newton, Frost, Stadler and Brompton Water and Wastewater Rehabilitation and Replacement.
