

**AGENDA FOR THE COUNCIL MEETING OF
THE CORPORATION OF THE TOWNSHIP OF RED ROCK
FOR THE 961st REGULAR MEETING ON AUGUST 15th, 2022 AT 6:30 P.M.**

1. Closed Session (6:30pm)
 - Item 1.1: Resolution to enter Closed Session, as authorized by the Municipal Act, 2001. Such paragraphs as set out in the minutes for the purpose of approval of the Closed Session minutes of the special meeting held on July 18, 2022 (Item 1.2); and Paragraph 239(2)(e) (potential litigation), regarding Item 1.3; and Paragraph 239(2)(b) (identifiable individual), regarding Item 1.4 RES
 - Item 1.2: Minutes of the Closed Session portion of the Special Council Meeting held July 18, 2022 RES
 - Item 1.3: Report on Potential Litigation
 - Item 1.4: Report on Personnel Matters
 - Item 1.5: Resolution to Rise from Closed Session and Report in Open Session RES

2. Report from Closed Session

3. Preliminary Matters:
 - Item 3.1: Call to Order (7:00pm)
 - Item 3.2: Traditional Territory Acknowledgement & Moment of Silence
 - Item 3.3: Amendments to/Acceptance of Agenda RES
 - Item 3.4: Request/Receive Disclosures of Interest

4. Presentations or Deputations

5. Minutes of Previous Council Meeting(s)
 - Item 5.1: Minutes of the July 18, 2022 Council Meeting RES

6. Correspondence
 - Item 6.1: Resolutions from other Municipalities RES
 - Item 6.2: TBDSSAB – Update from the Board
 - Item 6.3: TBDSSAB – Going To Work Employment Incentives Program
 - Item 6.4: Ontario News Release – High Speed Internet Access to Communities
 - Item 6.5: Superior Country – Lake Superior North Shore Tourism Project
 - Item 6.6: Historical Society – Newsletter
 - Item 6.7: Office of the Fire Marshal – Firefighter Certification

7. Reports from Committees, Boards or Agencies

8. Reports from Administration
 - Item 8.1: Report from Director of Operations RES
 - Item 8.2: Report from Community Development Office RES
 - Item 8.3: Report on Administrative Activity RES
 - Item 8.4: Report on Sale of Property RES
 - Item 8.5: Report on Red Rock Bridge #1

9. By-laws
 - Item 9.1: By-law number 2022-1289 – to provide for advance votes RES
 - Item 9.2: By-law number 2022-1290 – delegate authority to the outgoing council to authorize the issue of debentures for capital works RES

10. New Business

11. Unfinished Business

Item 11.1: NDMNRF Prescribed Burn Plan

12. Closed Session (if required)

13. Report from Closed Session

14. Confirming By-law (#2021-1291)

RES

15. Adjournment

THE CORPORATION OF THE TOWNSHIP OF RED ROCK

960th REGULAR MEETING OF COUNCIL

JULY 18th, 2022

Present:	Mayor:	D. Robinson
	Councillors:	C. Todesco
		G. Muir
		S. Park
		M. McDonald
	Chief Administrative Officer:	M. Figliomeni
	Municipal Secretary:	W. Odahl
	Director of Operations:	B. Westerman
	Regrets:	R. Pitre

ONE: CLOSED SESSION

1.1 Resolution to Close the Meeting

Resolution #1

Moved by: Councillor Todesco

Seconded by: Councillor Muir

BE IT RESOLVED THAT Council move into Closed Session at 6:30pm under the authorities as printed in the Agenda.

CARRIED

Council entered Closed Session.

Resolution #2

Moved by: Councillor Park

Seconded by: Councillor Muir

BE IT RESOLVED THAT Council rise from Closed Session at 6:59pm and report in Open Session.

CARRIED

The open session re-convened at 7:00pm.

TWO: REPORT FROM CLOSED SESSION

Council discussed some potential litigation in Closed Session.

THREE: PRELIMINARY MATTERS

3.1 Call to Order

Mayor Robinson called the meeting to order at 7:01p.m.

3.2 Traditional Territory Acknowledgement & Moment of Silence

Mayor Robinson read aloud the following land recognition and then proceeded in a moment of silence:

“Council of the Township of Red Rock hereby acknowledge that we are on the traditional territory of the Robinson-Superior Treaty and that the land we gather on is home to the Red Rock Indian Band, the Anishnaabek and the Metis People.”

CARRIED

3.3 Acceptance of the Agenda

The Agenda was approved with the following resolution:

Resolution #3

Moved by: Councillor Muir

Seconded by: Councillor McDonald

BE IT RESOLVED THAT the Agenda for this Regular Meeting of Council on July 18, 2022 be approved, as presented.

CARRIED

3.4 Disclosures of Interest

Councillor McDonald declared a conflict of interest with regards to Item 6.6 on the Agenda.

FOUR: PRESENTATIONS OR DEPUTATIONS

Lisa Prentiss and Lisa Page from MNP Digital presented the Final Report of the Website and Online Service Delivery Review for the Township. Lisa gave a brief project overview and went into detail on the current state findings, future state vision, recommendations and implementation plan of the project. Council participated in a question period after the presentation and thanked MNP Digital for their work.

Resolution #4

Moved by: Councillor Park

Seconded by: Councillor Muir

BE IT RESOLVED THAT Council of the Township of Red Rock accepts the Final Report for the Website and Online Service Delivery Review submitted by MNP Digital.

CARRIED

FIVE: MINUTES OF PREVIOUS COUNCIL MEETINGS

5.1 Minutes of the June 20, 2022 Meeting of Council

Council approved the minutes of the June 20, 2022 Council meeting with the following resolution:

Resolution #5

Moved by: Councillor McDonald

Seconded by: Councillor Todesco

BE IT RESOLVED THAT the minutes from the regular meeting of Council on June 20, 2022, be approved.

CARRIED

SIX: CORRESPONDENCE

6.1 Resolutions from other Municipalities

Resolution #6

Moved by: Councillor Muir

Seconded by: Councillor McDonald

BE IT RESOLVED THAT Council of the Township of Red Rock support the correspondence from the Town of Blue Mountains regarding Voters' List Information for Candidates.

CARRIED

6.2 NOMA – Board Meeting Summary Report

Council posed no questions or discussions on the correspondence.

6.3 Superior Country - Donation

Council posed no questions or discussions on the correspondence.

6.4 Nipigon OPP – 100th Anniversary Celebration

Council discussed different options for the donation request and settled on a \$250.00 donation with the following resolution:

Resolution #7

Moved by: Councillor Muir

Seconded by: Councillor McDonald

BE IT RESOLVED THAT Council of the Township of Red Rock approves a donation of \$250.00 to the Nipigon OPP's 100th Anniversary Celebration.

CARRIED

6.5 NDMNRF – Prescribed Burn Plan

Councillor McDonald asked if residents in the area would also be notified of the prescribed burn.

6.6 RRIB – Salmon Derby Donation

Resolution #8

Moved by: Councillor Muir

Seconded by: Councillor Todesco

BE IT RESOLVED THAT Council of the Township of Red Rock approves a donation of \$250.00 to the Red Rock Indian Band's 2022 Annual Salmon Derby.

CARRIED

SEVEN: REPORTS FROM COMMITTEES, BOARDS OR AGENCIES

None

EIGHT: REPORTS FROM ADMINISTRATION

8.1 Report from Director of Operations

Councillor Todesco inquired about the water service line at the Marina. The Director of Operations responded that the service lines have all been repaired. Mayor Robinson noted concern regarding the dust at the Brompton Road construction site when the contractors leave for their 4 days off. The Director of Operations noted the concern and is to speak with the Project Manager. Councillor Muir asked for a status update on the bridge on HWY 628. Administration advised that they have had contact with the Ministry of Transportation and are still awaiting a response after voicing concerns regarding the bump.

Resolution #9

Moved by: Councillor Park

Seconded by: Councillor Todesco

BE IT RESOLVED THAT the report from the Director of Operations be received.

CARRIED

8.2 Report from Fire Chief

The Chief Administrative Officer answered questions on behalf of the Fire Chief, who could not make it to the meeting.

Resolution #10

Moved by: Councillor Park

Seconded by: Councillor McDonald

BE IT RESOLVED THAT the report from the Fire Chief be received.

CARRIED

Resolution #11

Moved by: Councillor Muir

Seconded by: Councillor Park

BE IT RESOLVED THAT Council accepts the resignation of Kyle Arps from the Red Rock Volunteer Fire Department, with regret.

CARRIED

8.3 Report on Administrative Activity

Councillor Muir asked for an update on the Asset Management Plan. The CAO responded that the it is very close to completion and should be presented at the next meeting of Council.

Resolution #12

Moved by: Councillor Muir

Seconded by: Councillor McDonald

BE IT RESOLVED THAT the report on Administrative Activity be received.

CARRIED

NINE: BY-LAWS

None

TEN: NEW BUSINESS

No items of New Business were brought forward.

ELEVEN: UNFINISHED BUSINESS

None

TWELVE: CLOSED SESSION

Council did not go into Closed Session.

THIRTEEN: REPORT FROM CLOSED SESSION

There was no report from Closed Session.

FOURTEEN: CONFIRMING BY-LAW

Resolution #13

Moved by: Councillor Todesco

Seconded by: Councillor Park

BE IT RESOLVED THAT By-law 2021-1288, to confirm the proceedings of this evening's meeting, be passed as circulated.

CARRIED

FIFTEEN: ADJOURNMENT

There being no further business to conduct, Mayor Robinson declared the meeting adjourned at 7:56p.m.

Mayor

Chief Administrative Officer/Clerk

July 22, 2022

Premier Doug Ford
Legislative Building
Queen's Park
Toronto ON M7A 1A1

Dear Premier Ford:

Re: Physician Shortages in Ontario

Ontario has one of the most revered health care systems in the world. The residents of Ontario have been fortunate to have access to medical professionals from all branches of the medical field.

Our Province continually monitors the needs of its citizens and strives to make progressive changes to continue to meet the needs of Ontarians. Evidence of this progressive action on the part of the government was the identification of the shortage of Personal Support Workers. Recognizing the vital role that they play in health care, the Province supported Ontario colleges in providing free tuition for students who agreed to study for and become Personal Support Workers. We applaud the Province for this progressive action.

Like many municipalities, we have noticed that as each year goes by, we begin to see fewer physicians. The shortage is becoming alarming as we hear daily that many people are without a physician and do not have access to a primary medical care giver. The shortage of physicians is reaching our hospital emergency rooms as many in our rural communities are forced to close periodically as there are no physicians to staff them.

Another issue which is exacerbating the physician shortage is the limited spaces available in Canadian Universities for medical school and in residency programs. Increases to the number of students who are accepted could go a long way to ensure that more students graduate and become contributing physicians in our communities.

A third issue that causes concern is the seemingly onerous process for foreign and international physicians to become accredited to practice in Ontario. We have had interactions with individuals who have come to our community and are accomplished physicians but are not able to practice in Ontario as they at times cannot afford the cost for accreditation and in other instances, the process is quite lengthy meaning that they must take other positions, outside of their field, thus wasting their talent.

TOWN OF
SOUTH BRUCE PENINSULA

The Town of South Bruce Peninsula has seriously contemplated all of these issues and has taken steps to address the shortage experienced in our community. Council has monetarily supported a local Physician Recruitment Committee and has held money in reserves to assist with the hiring of a recruiter and to be used to assist new physicians requiring funds to set up an office and find housing.

We are reaching out to you to ask for your assistance in addressing the physician shortage. We would like to see subsidy opportunities for students who commit to becoming practicing physicians and would expect that the Province would put protective measures in place to ensure that students receiving funding commit to practicing in Ontario. We would support an expedited accreditation process for foreign physicians. We would encourage the increase of additional student spaces in medical school and residency programs.

The Town of South Bruce Peninsula is not alone in its convictions to address the physician shortages. We welcome you to contact us directly to have conversations about how all levels of government can work together to end this shortage.

Yours very truly,

Mayor Janice Jackson

Excerpt from Council Meeting Minutes – July 19, 2022

23. Notice of Motion – Mayor Jackson – Physician Subsidy

Mayor Jackson explained the meeting with the Physician Recruitment Committee and how a retired recruiter is willing to help the Committee but that we need to support medical students. The motion would be forwarded to the Minister, the Premier, the Prime Minister and all Ontario municipalities.

Discussion included the closing of hospital ERs, people without family doctors, the difficulty for professionals to obtain accreditation to work in our Province, having levels of accreditation to relieve pressure, community health models including nurse practitioners, ideas that the recruiter has and how she recruited 77 doctors.

R-266-2022

It was **Moved** by J. Jackson, **Seconded** by K. Durst and **Carried**

Whereas the Province of Ontario and particularly rural areas such as South Bruce Peninsula, are experiencing a severe shortage of physicians, leaving many people without access to medical care;

And whereas when the Province of Ontario realized the shortage of Personal Support Workers, they took progressive action to support Ontario colleges to provide free tuition for students who agreed to enter into this field of study and work;

And whereas it is recognized that the education costs for a physician can be a deterrent for students contemplating entering the medical field;

And whereas the Town of South Bruce Peninsula has taken steps to support the recruitment of physicians by earmarking money to hire a recruiter, by monetarily supporting a recruitment Committee and by providing money for new physicians to use to set up office space and for housing;

Now therefore be it resolved that the Town of South Bruce Peninsula respectfully requests that the Province of Ontario and Government of Canada recognizes that the shortage in health care workers is not unique to Personal Support Workers but is also relevant to physicians including specialists and general practitioners;

And that in order to support Ontario municipalities and their residents, the Provincial and Federal Governments take steps to provide support and subsidy to students entering

medical school with the intention of becoming practicing physicians in the Province of Ontario and particularly in underserviced rural and northern municipalities;

And that the Provincial and Federal Governments work with Canadian universities to increase the number of students accepted into medical school and residency programs;

And that the Province expedites the accreditation process for foreign medical practitioners ;

And further that the Town of South Bruce Peninsula supports whatever protective measures the Provincial and Federal Governments place on the subsidy given to ensure that the students receiving the funding become practicing physicians in the Province of Ontario.

[Board Meeting Reports](#)

[Feedback](#)

Message from the Chair

Please find below the June 2022 issue of Update from The Board – the monthly newsletter from the Board of Directors of The District of Thunder Bay Social Services Administration Board. The purpose of this newsletter is to keep our municipal stakeholders informed about TBDSSAB activities by providing an overview of TBDSSAB Board information and reports following all monthly meetings.

Please circulate to members of your respective Municipal Councils.

In June we announced the recipients of the 2022 Food Security Fund. We are grateful to the Ministry of Municipal Affairs and Housing for giving service managers as much flexibility through the new Homelessness Prevention Program (HPP) funding as there was through CHPI. The Food Security Fund is a perfect example of how we can adapt provincial funding to address the local needs of our communities. [Click here](#) to view the full media release.

TBDSSAB encourages municipal partners to share information about the Ontario Renovates program with low-income homeowners within the District of Thunder Bay. Ontario Renovates is designed to assist low- to moderate-income homeowners make urgently needed home repairs to address home health and safety problems or to make modifications to their home to accommodate members with disabilities. More information about the program is included in the spotlight below.

Thank you, and stay safe.

Lucy Kloosterhuis

This edition of *Update from the Board* covers TBDSSAB's regular monthly meeting on **June 16, 2022**, as well as key initiatives taking place in this time span.

Our aim is to provide an overview of TBDSSAB Board information and reports in a timely manner following all monthly meetings.

Next Meeting

The next Board meeting will be held:
Thursday July 21, 2022 at 10am

The Board meeting is scheduled to take place in person. For more information about community participation options, please visit the [Board Meetings page](#) on our website.

Spotlight: Ontario Renovates

Did you know? TBDSSAB may be able to help low-income homeowners with home repairs through Ontario Renovates.

Ontario Renovates is designed to assist low to moderate income homeowners to make urgently needed home repairs to address home health and safety problems or to make modifications to their home to accommodate members with disabilities.

The program can help homeowners:

- Live in their home longer;
- Make repairs to increase safety while improving energy efficiency;
- Install features that support modifications and renovations to improve accessibility.

If eligibility requirements are met, successful applicants may receive a forgivable loan (forgiven at 10% per year) or may be eligible for a grant of up to \$5,000 to make accessibility improvements.

For more information, please visit: <https://www.tbdssab.ca/OntarioRenovates/>

Are you a homeowner struggling to make home repairs? TBDSSAB may be able to help make home repairs more affordable through the Ontario Renovates program.

The Ontario Renovates Program may be able to help you:

- live in your home longer;
- repair your home with eligible repairs to make it safe while improving energy efficiency;
- install features that support modifications and renovations to increase accessibility.

Ontario Renovates is designed to assist low to moderate income homeowners to make urgently needed home repairs to address home health and safety problems or to make modifications to their home to accommodate members with disabilities.

Please note that funding is limited and is on a first-come, first-served basis.

**THE DISTRICT OF THUNDER BAY
SOCIAL SERVICES ADMINISTRATION BOARD**

July 21, 2022

To Thunder Bay District Municipal Chief Administrators:

Re: TBDSSAB Going to Work Employment Incentives Program

Employers in the District of Thunder Bay have experienced staffing shortages both during and post the COVID-19 Pandemic. This has included municipal offices and community services. Due to this shortage, operational decisions have often resulted in reduced service offerings.

Recognizing the shortages of applicants for vacancies within your community, TBDSSAB has implemented the *Going to Work Employment Incentives Program*. This program offers tailored training to Ontario Works participants who would then be connected with you as an employer. Should the participants be the right fit for employment, TBDSSAB will then provide funding to offset training and orientation costs to onboard your new employee. TBDSSAB will also remain a consistent contact to problem solve any issues that may arise after placement.

If your municipality is interested in this exciting opportunity, please contact Jennifer Lible, Manager, Social Assistance Programs at (807) 766-4063 or jennifer.lible@tbdssab.ca for more information.

Sincerely,

William (Bill) Bradica
Chief Administrative Officer

THE DISTRICT OF THUNDER BAY

Ontario Bringing High-Speed Internet Access to More Communities

Province helping to connect up to 266,000 unserved and underserved homes and businesses

August 04, 2022

[Infrastructure](#)

TORONTO — The Ontario government is bringing high-speed internet access to up to 266,000 unserved and underserved homes and businesses, marking another milestone in its plan to help connect every corner of the province by the end of 2025.

“Our government is ensuring every community in Ontario has access to reliable high-speed internet,” said Kinga Surma, Minister of Infrastructure. “We are making tremendous progress towards building a stronger Ontario, where everyone will have access to health services, be able to work and learn online, participate in the agriculture sector, while also helping to create jobs and invest in the future of our province, today and for generations to come.”

The province has signed agreements with [eight internet service providers](#) to bring access to as many as 339 municipalities across Ontario. The internet service providers were selected through a two-stage [competitive process](#) and are part of Ontario’s historic investment of nearly \$4 billion to bring access to reliable high-speed internet across the province.

“This competitive process is the first of its kind in Canada and has led to an unprecedented market response and commitment to deliver high-speed internet connections to communities that have been left underserved until now,” said Michael Lindsay, President and CEO of Infrastructure Ontario. “We at Infrastructure Ontario are proud to help create a connected, modern and competitive Ontario.”

The government has a plan to build Ontario’s future with shovels in the ground for highways, hospitals, housing and high-speed internet infrastructure. Ontario’s high-speed internet initiatives will help ensure that every home and business, in every community, can participate in today’s economy. It will also help create the conditions for economic and fiscal growth, while protecting progress made.

Quick Facts

- The Ontario government has committed over \$950 million to nearly 190 broadband, cellular and satellite projects to date, bringing faster internet access to over 375,000 homes and businesses across the province, and significantly improving cellular connectivity throughout Eastern Ontario.
 - In 2021, Ontario passed the [Supporting Broadband and Infrastructure Expansion Act, 2021](#) to help speed up construction of broadband projects. To build upon this legislation, the Ontario government passed the [Getting Ontario Connected Act, 2022](#) which further reduces barriers, duplication and delays.
 - Expanding access to high-speed internet is part of [Ontario Onwards: Ontario’s COVID-19 Action Plan for a People-Focused Government](#), which includes more than 30 projects that are changing the way people and businesses interact with government.
-

Quotes

"Our government has made access to high-speed internet a priority for rural Ontario, and we're delivering on that commitment. Access to high-speed internet will help build Ontario and strengthen communities by helping families stay in touch, enabling them to access the supports they need, while providing a much-needed boost to the local economy. It's the type of critical infrastructure that will benefit the entire community."

- Lisa Thompson
Minister of Agriculture, Food and Rural Affairs

Lake Superior North Shore Tourism (LSNST) Project

Report to Communities

Year 2- July 1st, 2021 to June 30th, 2022

Prepared by: Suzanne Kukko, LSNST Coordinator

Submitted: July 11th, 2022

suzanne@superiorcountry.ca

INTRODUCTION

The Lake Superior North Shore Tourism Project's mandate is to hire a Coordinator to implement the recommendations of the Lake Superior North Shore Tourism Strategy, which was developed in 2018 by **Destination Northern Ontario** and **Parks Canada** in consultation with the region's tourism stakeholders.

Identified in the strategy were significant gaps in the north shore's tourism sector that the LSNST Project is intended to fill. These include:

- Lack of alignment among the region's tourism stakeholders. Stakeholders have been working in silos, with a disconnect between parties and what each is doing. This leads to duplication of work and inefficient use of resources.
- Lack of understanding of the region's tourism capacity issues and gaps in tourism product. Working individually has led to limited assessment of what tourism assets are needed to increase tourism in the region.
- Municipal stakeholders are currently focused on their own geography. A regional tourism strategy and implementation of it, would help these stakeholders to understand and support region-wide tourism developments.
- Smaller communities face challenges in attracting funding as they do not usually have the resources to apply for grants, or the experience to complete funding applications and the necessary reports.
- Limited community funding for tourism marketing and product development and a high turnover of staff in economic development roles causes limited consistency and follow through on projects.

The LSNST Project partners include: Fednor, Parks Canada, Destination Northern Ontario, Superior Country, Red Rock Indian Band, SNCFDC and the Townships of Dorion, Red Rock, Nipigon, Schreiber, Terrace Bay, Marathon, and Manitouwadge.

As the managing partner, Superior Country is pleased to provide this report to our partner communities following a busy and successful Year 2 of the LSNST Project.

The following is a comprehensive list of activities that have been completed in Year 2 under seven project pillars as identified in the project work plan. Year One of the project focussed on strategic planning, while Years Two and Three focus on implementation of the completed strategies, and the development of a sustainability plan for the continuation of the LSNST Coordinator position beyond the life of the three-year project.

1. PILLAR: Initial Outreach and Orientation:

- The project work plan was updated quarterly
- A project steering committee with representation from partners and partner communities continues to meet quarterly
- As per our work plan, TEN's (Tourism Excellence North) **Community Tourism Assessment Index** was distributed to partner community EDOs/CDOs/Administration as applicable. To get a complete picture, the assessment required 6-8 individuals from the community to complete assessments. This could include staff, council members, business owners, or volunteers. Following submission of these assessments to Superior Country, our Product Development team met with the staff leading the process, resulting in one final assessment with recommendations for the community. The process was completed in full by the communities of Terrace Bay and Red Rock. Any community wishing to undergo the process should contact Superior Country's product development team.

2. PILLAR: Education and Communication

Radio: Coordinator was interviewed for weekly updates on CFNO radio over a period of approximately 10 weeks during the summer of 2021. The updates were intended to inform community members about LSNST projects and accentuate the importance of tourism to regional community development and economies.

2022 Summer Student North Shore Familiarization Tour- July 5-7, five Tourism Summer Students from Manitouwadge, Nipigon, and Red Rock were brought on a tour starting in Manitouwadge, moving west along the north shore to Silver Islet. Students toured regional attractions and ate at local restaurants. The primary goal of this tour was to heighten enthusiasm and increase experiential knowledge of the students so that they are better able to assist visitors. A secondary goal was to encourage the students to become ambassadors for their communities and the region beyond their employment as a summer student. All communities are encouraged to send at least one student on this tour, as it is an excellent training opportunity.

- The Coordinator was asked to present at Red Rock, Terrace Bay, and Dorion Councils, as well as at the Canyon Country AGM. She presented information on the LSNST Project and the projects the team is working on.
- Two LSNST Project updates were developed and distributed through the Superior Country stakeholder newsletter.
- Coordinator organized quarterly steering committee meetings, through which committee members are updated and consulted on project activities. Adaptation of the project activities due to pandemic restrictions were also discussed.
- Product Development Intern completed an education outreach plan that will be implemented in the fall with regional high schools.

3. PILLAR: Product Development – Circle Tour

Silver Islet Harbour Association Planning Project –The Coordinator managed the development of the Silver Islet Harbour Association Strategic Plan, which was completed in the fall of 2021.

Great Lakes Waterfront Trail (Cycling) Feasibility and Marketing Study – The Coordinator initiated partnerships with Algoma County/Thunder Bay CEDC MAT program to contribute to the development of this study. The Waterfront Regeneration Trust was hired to complete the study, which was approved in January 2022. The LSNST Project will be contributing both in-kind and financial support to Phase II (Implementation) of this project.

Silver Islet/Porphyry Lighthouse: Through a partnership with Canadian Lighthouses of Lake Superior, the LSNST project assisted with the production and installation of two sets of interpretive/wayfinding panels. One set is installed at Silver Islet, the other at Thunder Bay waterfront. Both have calls to action for experiences in the north shore region.

4. PILLAR: Product Development – Visitor Accommodation

Accommodations Investment Attraction Brochure - (print and digital) was completed in both French and English in the fall of 2021. The coordinator has reached out to two accommodation investment firms with the brochure, obtaining meetings with both, and matching these investors with available land.

Accommodation CBRE reports - The coordinator reviews, assesses, and distributes to community CDOs/EDOs monthly, which provide data on the National Market Report Trends in the Hotel Industry regionally, provincially, and nationally.

Northern Ontario Accommodations Strategy – This is a DNO led project. Tourism Coordinator provided a letter of support for the grant application. Upon approval of the application, she was asked to sit on the panel to select consultant for this project and has been invited onto the project steering committee.

5. PILLAR: Product Development – Culinary Tourism

Superior Picnics: Following the recommendations within the document *Celebrating Food and Drink Around Lake Superior's North Shore: A Food Tourism Product Development Strategy*, a 2.0 version of the **Superior Picnics program** was planned and implemented. Seven durable, accessible picnic tables were purchased through the project, and delivered to communities participating in the program. The tables are branded with the “Superior Picnics” logo. Seven food operators are partners in the program, creating Superior Picnics specials that include at least one local component, and assisting in the marketing and promotion of the program. The coordinator aligned food service operators with local producers which resulted in at least two new partnerships (Golden Rail/Wolf River Farms and Ducky’s Diner/Rural Roots) Thank you to the seven communities in our region who signed a Superior Picnics MOU and contributed additional dollars toward this program.

Superior Picnics Media Project: Funding was obtained from Destination Northern Ontario for 50 cent dollars for a Superior Picnics media project, through which professional video and photographs were taken to use in marketing of the program. The new page will be up and running by July 15th.

www.superiorcountry.ca/picnics

FeastON – The Coordinator promoted this program to selected culinary businesses along the north shore. This provincial certification program requires that participants utilize 25% local (Ontario) food and drink. Participating businesses benefit from additional marketing and promotion through a province wide initiative. Congratulations to Ducky’s Diner (Nipigon) who followed through with the program and was FeastON certified in 2022.

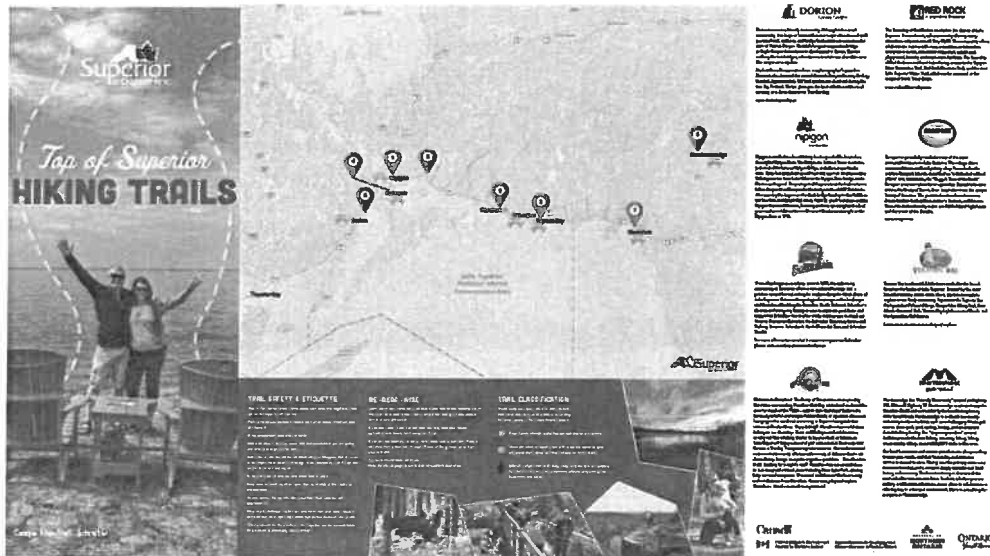

6. **PILLAR: Product Development – Community Wayfinding and Trails**

Lake Superior North Shore Trails Assessment Guide: A Resource for Municipalities, Indigenous Communities, and Trails Organizations for Development of Market-Ready Recreational Trails – Superior Country partnered with Parks Canada to complete this document, which has been distributed to trails managers, municipal and Indigenous community staff. It has also been attached to this report. **IMPORTANT NOTE:** In light of the tragic incident that occurred at Wolf River Falls this summer, we encourage all staff/councillors to read this document and ensure that the trails they are promoting are INSURED/MAINTAINED/SIGNED. Promoting illegitimate trails can open an organization/community up to lawsuits should someone get hurt or worse on that trail.

North Shore Regional Trails Network – this group was established and is chaired by the Tourism Coordinator. The kick-off meeting was held via Zoom November 20th, 2021. There have been two additional quarterly meetings held since. Fifteen municipal, First Nations, and Trails Managers have joined this committee which serves as a place to share information and resources (funding, volunteers, etc.)

-Letters from communities and trails groups were obtained by the coordinator in support of DNO’s trails wayfinding funding application to FedNor.

Top of Lake Superior Hiking Trails guide – Our product development team oversaw major revisions and updates to this hiking guide, that was originally created and produced by Parks Canada. Wayfinding dollars were obtained from DNO to assist in the design and printing of the revised guides. The guides added trails from two new trails (Manitouwadge and Marathon) and includes a panel to promote the Superior Picnics program. A French version of the brochure is being developed through a partnership with SNCFCDC. The English guides will be printed by July 13th and will be distributed once we receive them.

7. PILLAR Product Development – Group of Seven & Indigenous Group of Seven

G of 7 and Indigenous G of 7 Tourism Product Development Strategy was completed in July of 2021. This strategy:

- Established alignment, gaps, and areas for future exploration
- Defined market ready factors
- Identified local champions and partnership alignments and opportunities
- Established measures of success and KPIs used to monitor and communicate project performance
- Provided branding, marketing, and outreach recommendations
- Connected product development recommendations to Coordinator tasks
- Developed a timeline for completion of recommendations

A copy of this strategy is attached to this report.

Indigenous Group of Seven Panel/Monument – Our product development team is working closely with AZA (Sand Point First Nation) and the estate of Norval Morrisseau to develop an Indigenous Group of Seven interpretive panel that will be installed in our project catchment area. The panel will have a strong focus on Morrisseau, the founder of the Woodland style, and is often referred to as the “Picasso of the North”. The artist’s work was inspired by pictographs

that he observed while hunting and fishing as a child in the region. Similar pictographs can be found near Red Rock along the Nipigon River. As well, an early original Morrisseau work is on display at the Nipigon Public Library. Visitation to these sites are calls to action that are hoped to be included within the proposed interpretive panel.

8. ADDITIONAL HIGHLIGHTS:

Tourism Product Development Intern and Marketing Coordinator Intern: Funding was obtained through the People and Talent Program at NOHFC to allow Superior Country to hire a product development intern to support the LSNST Project. Shalane Sarrasin started her full-time one-year contract with Superior Country on October 19th, 2021.

Lake Superior North Shore Cruise Market Readiness Plan: With several international cruise lines showing a strong interest in a Lake Superior North Shore Inside Passage itinerary, Superior Country is partnering with Parks Canada to manage the completion of a North Shore Cruise Market Readiness Plan. This is an actionable plan that will provide a roadmap to market readiness by 2024. An RFP has been released, and work will begin upon hiring a successful bidder.

**Over the past months, the tourism coordinator has helped coastal communities along the north shore to facilitate the process of attaining security clearance for international cruising, through Transport Canada.

**A fleet of international cruise representatives will be visiting the region at the end of July led by Stephen Burnett of Great Lakes Cruise Association. The Coordinator will be meeting with them in Red Rock at the end of July.

Professional Development – TEN Best Practices Mission to the Cabot Trail: With the lifting of COVID-19 protocols, the Tourism Coordinator was able to participate in a Tourism Excellence North Best Practice's Mission to the Cabot Trail (Cape Breton Island) through Destination Northern Ontario, in early June of 2022. The mission was helpful in showing examples of successful product development experiences connected to art, culture, and culinary. Examples of partnerships between communities, non-profits, and government agencies were discussed. In addition, the scheduling of events to bookend high seasons, for the purpose of extending high season, was a key takeaway.

Rosspport Marine Access Development Project: Through a partnership with Parks Canada, our product development team assisted the Rosspport Marina Committee (RDC) with two projects last year. The development of a scoping plan for their marina, and the completion of a structural engineering assessment of their dock. Over the next two years, Superior Country will oversee the completion of a Marine Access Development Project for the RDC, which will include a Marine Asset Management Plan, and a Strategic Plan.

Superior Country Comes to Red Rock

Mayor Darquise Robinson stated “We are thrilled to welcome **Superior Country** to the Township of Red Rock. Since the closure of our Mill, tourism has been our major economic driver. So to have **Superior Country** here will not only raise Red Rock’s profile with the touring public, but it will also allow us to keep the Marina Centre Interpretive Centre open year round.”

Superior Country is the local Destination Marketing Organization that represents and promotes the North of Superior Region as a tourism destination. **Superior Country** has been marketing the region since 1976. Says Executive Director Dan Bevilacqua “the

organization depends on memberships and advertising revenues to remain operational. Over the years hundreds of thousands of dollars have been invested in advertising the region as a world class tourism destination.”

Superior Country focuses on four features of the region - Fishing, Hunting, Nature/Adventure and Culture Heritage. One of their best known endeavours is the promotion of the Lake Superior Circle Tour. They annually produce the Lake Superior Circle Tour Adventure Guide of which 80,000 copies are distributed around the lake in both Canada and the United States. The Interpretive Centre will be identified as the LSCT headquarters with a new updated wayfaring kiosk promoting the Red Rock Marina. Bait supplied by Lake Helen Bait and Tackle will soon be available at the centre.

Membership forms are available online and at:

Red Rock Credit Union
Red Pebbles Café
Red Rock Public Library

Your membership is very important to us. We thank you for your support.

Makes Scents Maple Products ...	5
Business & Artisan Fair	6

Dan Bevilaqua, Suzanne Kukko, Shalane Sarrasin

Since 2020, the organization has managed the Lake Superior North Shore Tourism Project. A full - time team has been hired to support north shore communities from Silver Islet to Manitouwadge in planning and developing programs including Culinary, Group of Seven/Indigenous Group of Seven, Trails, Accommodations, and Lake Superior Marine Access. As part of the culinary program, the Red Pebbles Café in Red Rock has participated in the Superior Picnics program by providing local fresh ingredients from Red Rock’s own market garden business “Small Town Roots”.

A team of five will be working out of the Interpretive Centre. Young people in Red Rock will have employment opportunities with LSCT and the plan is to hire two summer students. Mr. Bevilacqua noted that their goal is to provide future business and career possibilities relating to the tourism in Red Rock and the region.

The Interpretive Centre will now be part of the LSCT popular Stamp Location program. This means that people doing this popular around-the-lake tour can have their Adventure Guide stamped indicating they stopped in this location on their trip around Lake Superior. Being part of this program will encourage travellers to pull off the highway and visit our beautiful community on the bay.

Suzanne Kukko

We all see this as such a positive addition to our community!!!

WE WELCOME SUPERIOR COUNTRY TO RED ROCK !!!!!

New Recreation Intern

My name is Courtney Van Horne and I am the new Recreation Intern for the Township of Red Rock. I have spent most of my life travelling around this great nation of ours, and have lived in Victoria BC to Charlottetown PEI and as far north as Whitehorse in the Yukon Territories. I had been in the culinary world for many years and had a bakery before moving to Red Rock and was featured in numerous news articles and most recently had a recipe featured in Chatelaine Magazine holiday issue. This position not only means a lot to me, but also to the

community of Red Rock. This town is full of amazing people and has a rich history of recreation culture, that I would love to revive. I hope to bring the Rec Centre into the future by adding new and inclusive programming and by bringing some of the old and most loved programs back to life. We have a few summer students this year and are working with other program leaders in other communities to make Red Rock a thriving sport and outdoor adventure haven once again. I look forward to working with the community, so if you ever see me in the streets stop and say hello!

The Birches and...

The following is an excerpt from the memoirs "Through the Years" by Mr. Burton Brown, an early resident of Red Rock. Mr. Brown lived in Thunder Bay and recently celebrated his 100th birthday, but sadly he has since passed away. He came to work in Red Rock in 1937 as an electrician's helper with the company doing construction at Lake Sulphite Pulp and Paper Company.

Later he was hired by LSPP and stayed in Red Rock until he enlisted in 1941

This is a picture of the Birches Lodge that was near the punnhouse of the Quebec Lodge.

*View from the Birches.
How did the car get there?*

"Our home (Burton and May) was a small three room cottage on the lakeshore. It was equipped with only the bare essentials. We had many wedding gifts and made a couple of purchases that to us at the time seemed like major expenditures.

Electricity was supplied, and in addition to a range, we had a number of electric wall heaters that were actually used units from under the seats of the old street cars from the twin cities (Port Arthur/Ft. William).

Our rent was included in my monthly wages of \$95 with no extra charge for the outdoor privy that went with place !!!! There was an excellent supply of water as a shed outside of our door housed the water system for the Quebec Lodge, the home of the Fred Hurter family, so we tapped into their supply. There was a very high ridge running behind the buildings and parallel to the lake shore from which ran some very cold spring water. It went right past our kitchen door and formed a pool in our front yard. I siphoned off a quantity of this ice water and ran it through a series of copper coils and that sufficed as an ice box, which were common in the days before refrigerators. From the coils, it went to a third tap at the kitchen sink from which we had a never ending supply of the best drinking water imaginable.

With materials available at the mill site I spent my evenings building an enclosed porch across the front, as well as an addition to give us indoor plumbing".

Side view of the Birches

...Pocahontas Lodge

Long before the Quebec Lodge was built on Lodge Mountain, there was another lodge, this one was built by the Paju family in 1928. It was located on the same property as the Quebec Lodge but further down the hill closer to the railroad tracks but still overlooking beautiful Lake Superior. The Paju's used the lodge as a summer home and accessed it by boat from their home in Nipigon.

In 1929, the summer home was sold to a Mr. Cooper, an employee of the Pocahontas Coal Company located in Pennsylvania, who spent a few summers in the area. He sold the property to Lake Sulphite Pulp and Paper Company when it set up shop in the area in 1936/37. It was used as housing for mill employees in the early days. The building was destroyed by fire in the 1940s, probably from a grass fire started by sparks from a train.

Ken and Laurence at Pocahontas Lodge

Makes Scents Maple Products

We moved to St. Joseph Island from Thunder Bay, arriving in March 1997. While our furniture sat in the snow... My son and I were bricking our first evaporator. We tapped 80 trees that season, using buckets. Gradually our taps increased to 180 taps (also buckets).

We built a proper sugar house with buried mainline and a tubing collection system in 2001. Our 2 x 6' hobby evaporator was replaced by a proper 3 x 12 wood-fired arch and increased our taps to 800, then 1000, then 1400....

Every few years we would increase the number of taps, upgrade equipment, bury more mainline...and at the end of every season...exhausted, I'd say (exhausted)... "that was stupid... stop"! Every fall, I'd forget... and add a few more taps.

Currently we have 3000 taps and make 2500-3000L of maple syrup each season. We have a state of the art super-efficient wood-fired evaporator.

Making maple syrup is an energy intensive process. 40 litres of water must be removed from the maple sap... to make a single litre of syrup.

Unlike most syrup that uses from 0.5 to 1.0 gallon of non-renewable oil to produce a gallon of syrup, our process is as close to "carbon neutral" as we can possibly achieve.

By evaporating using wood for fuel, and producing electricity for all equipment from on-site solar panels, our syrup is processed in a manner that minimizes negative environmental impacts.

OUR SYRUP MAKING PROCESS

At the first signs of favourable spring weather, each tree is tapped and a "spile" inserted. On warm days, maple sap runs through tubing and a buried pipeline to our sugar-house where it is filtered and stored in insulated stainless steel tanks. This fresh maple sap has 1 ½ – 2-½ % sugar content. Then, water is removed via "Reverse Osmosis" technology to concentrate the sap to 8-15% % sugar content. Nothing but water is removed by reverse osmosis.

Electricity for all pumps, lights and electrical equipment in our sugar camp is produced by "grid tie" solar panels. Although nearly all of the electricity is consumed over 6 weeks in March/April, our solar panels make power all year long... and this gets fed into the grid for other users. At the end of each year, energy consumed is less than total electricity produced!

The maple sap is then boiled in our stainless steel, wood-fired evaporator to remove further water. Wood fuel for our evaporator is cut from injured, dead or defective trees from our own maple bush. In their place, new healthy trees are released from competition and will eventually consume any carbon produced by wood burning.

Lifetime Honourary Business Membership presented to Makes Scents Maple Products. Dr. Steve Doedde (left) by Brian Davis (right)

When the concentration of sugars has been raised to ~67%, the syrup is filtered and bottled hot in new, clean, glass or plastic containers. Every batch has a different flavour profile, and varies greatly through the season.

Once the season is over, each spile (tap) is removed from the tree, isopropyl alcohol is injected into the line to sterilize it, and underground lines are cleaned by sucking sponges through using vacuum. It takes less than 2 minutes for a 2" diameter sponge to traverse 2 km of mainline!

Then, it's time to cut, split and pile wood for the next season.

MSMP HAS BEEN SUPPLYING MAPLE SYRUP TO THE RED ROCK HISTORICAL SOCIETY FOR OUR VERY SUCCESSFUL ANNUAL FUNDRAISER SINCE 2015.

Red Rock Business & Artisan Fair

Saturday June 18, 2022

The “Red Rock Welcome Committee” organized the event in the hope of getting everyone out to meet the new residents of Red Rock, and to help those organizations and businesses looking for new and interested volunteers. Ashley Muir, Gord Muir, Melissa McDonald, and Denise Maidment are the active members of the committee.

On the day of the fair, 20 local businesses, organizations, and vendors set up display tables which promoted their activity. Over 100 people visited the upstairs of the Legion to familiarize themselves with the various products and services being offered in the community.

The basement housed some local talent during the day where Shy-Ann Hovorka, Gord Muir, and Our Tyme played for those interested in hearing some tunes.

Later in the evening, Our Tyme, 11/17 Band, and Rebel Spirit had the Legion bar pumping with music and dancing.

A very successful day thanks to the hard work of organizing committee, and the support from the artisans, musicians, vendors, and organizations.

"MAKING ONTARIO A SAFER PLACE FROM FIRE."

DATE: August 8, 2022

TO: Ontario Fire Chiefs
Municipal CAOs

FROM: Jon Pegg
Chair, Fire Marshal's Public Fire Safety Council

SUBJECT: Firefighter Certification

On July 1, 2022, O. Reg. 343/22: Firefighter Certification came into force in the Province of Ontario.

Following the consultation period, the Fire Marshal's Public Fire Safety Council (FMPFSC) Board of Directors has been working with the Office of the Fire Marshal to understand the requirements of the certification regulation and its impact on Ontario's fire services. Over the course of the next 4 to 6 years, departments will be required to certify their members to the level of fire protection service established by their municipality.

It became apparent in our discussions and understanding of feedback provided throughout the regulation's consultation period that municipalities were seeking financial support to assist with the requirements under O. Reg. 343/22. Some departments will require online access to training material whereas others will be required to purchase textbooks to support their members in achieving certification.

Today, on behalf of the FMPFSC, I am pleased to announce the creation of a \$750,000 grant to support firefighter certification in Ontario. This grant will be provided over three years and is open to all Ontario fire departments who can demonstrate a need for educational materials to support training and certifying their members. The grant will be administered through the FMPFSC's Distribution Centre with details to follow on the application process and what materials will be eligible as part of this funding.

The FMPFSC has worked closely with both Jones and Bartlett and the International Fire Service Training Association (IFSTA) to provide a suite of both hard copy and online materials that will benefit the fire service in meeting the requirements of the regulation.

The Board and FMPFSC is honoured to be able to provide this funding to the fire service in Ontario and will continue to look for opportunities to give back to the Ontario fire service to continue to support a fire safe Ontario.

It would be appreciated if fire chiefs could share the news of this grant with their training officers and others so that thought can be given on what is needed at the local level to support training and certification.

Details on the grant application process will be available through Jamie Kovacs, Executive Director, in the coming weeks.

Sincerely,

Jon Pegg
Chair

cc: Ontario Association of Fire Chiefs

PUBLIC WORKS MONTHLY REPORT

August 15, 2022

WATER DISTRIBUTION

1. Work for the Brompton Rd. Rebuild continues to proceed on schedule. All affected residents were back on system water by July 20th. The buried infrastructure, including; watermain, sanitary and storm piping, as well as curbing are complete. The contractor is now focusing on preparation of the street and landscaping for boulevards. The work on the watermain extension through the trail easement between Brompton and Frost/Stadler, will be completed in the final phase of the project.
2. The water service for the marina kiosk and docks was repaired by Public Works on July 15th. This repair had been delayed as there was an extended wait to get locates for the dig area.

WASTEWATER COLLECTION

1. Lift Station upgrades are awaiting final stage approvals for funding before this project can commence. OCWA will be overseeing the administration of this project.

RECREATION CENTER

1. A minor plumbing repair for a drain line in the Rec Center Restaurant was required over this reporting period. The configuration of the drain lines leading from sinks and dishwasher were looked at from Reliance Home Comfort. A quote will be provided for installation of a grease trap as well proper sloping of drain lines. Poor drainage for these drains requires considerable maintenance from facility staff.

PUBLIC WORKS MONTHLY REPORT

August 15, 2022

MARINA CENTRE & PARK

1. Public Works was able to make a dock repair for a hinge point between sections on dock A. Some minor plumbing repairs for water services were also needed on the docks. It was important to re-evaluate docks before Folk Fest, as the marina was expecting all large slips to be rented for the festival this year.
2. Twp. Management met with an ESA Inspector for an onsite inspection of marina park grounds over the Folk Festival period. The inspector had one item for conformance concerning buried electrical conduit for power supply to boardwalk light poles. Some of the conduit has separated ahead of junction boxes close to the base of some of the poles. This issue has been addressed in the past with the installation of expansion joints to allow for frost movement.
3. Overhead Electric was able to make a repair for one of the marina entrance beacons.
4. Public Works was able to install the new Nipigon River sign at the end of the boardwalk by the mouth of Trout Creek. The sign is a replica of the original hand painted sign that used to be closer to the midway point of the boardwalk.

GENERAL

1. Public Works was able to assist contractors with tear down and site clean up from the Relining Project for Newton, Frost & Stadler. There have been a few cases where residents have needed to get their water meters removed for cleaning since the relining, due to residual debris inhibiting water flow through the meter. In each case, the water pressure in these homes returned to normal after the meters were cleaned and service line flushed.

PUBLIC WORKS MONTHLY REPORT

August 15, 2022

2. Roger Michelli Service has made all the repairs to the turntable for the mow board on the 2001 Cat 140H grader. One minor repair for a mow board lift cylinder remains before the grader is completely serviced and ready for winter snow removal.
3. Public Works has been able to perform secondary road grading for most rural roads, including the landfill. This work had to be postponed until the repairs were made on the grader.
4. Public Works was able to make a repair for a manhole at the junction of Rankin & Brompton in preparation for asphalt patching in the area. The required patching was a result of work performed related to the new WPCP, including a new gas service for the plant.
Public Works will be working to address similar repairs to other sanitary manholes and related infrastructure in the remaining Summer and Fall months.
5. Public Works staff, including students and Marina staff, were able to assist Festival volunteers with set up and tear down for this summer's Folk Fest. Students from both departments put in extra effort to make sure the park grounds were in optimal condition for the festival and should be commended for their work.
6. Student workers for both the Marina & Public Works Depts. took part in WHIMIS & Accessibility Training at the beginning of July.
7. The Public Works Dept. Safety Meeting for the month of August will include an evaluation of trucks and equipment for proper PPE and safety devices.
8. Regular checks are being performed monthly for standby power at both the Rec Center and Municipal Shop.

August 15, 2022 CDO Activity Summary

Activities as of July 28 2022

Grants and Projects

- a) ICIP Green – Red Rock Newton, Frost, Stadler and Brompton Water and Wastewater Rehabilitation and Replacement Project

Continuing with project management activities and coordination with funders, JML Engineering and Director of Operations on various components of the project.

Both portions of the project are expected to be completed in the spring and summer 2022 with final completion by October 2022.

Relining of Newton Ave., Frost St., and Stadler Ave. reached substantial completion by Main Rehabilitation (2011) Inc. on June 24, 2022. This work included the provision of a temporary potable water supply, relining 490m of watermain, the supply and installation of 2 new hydrants at the corners of Newton and Frost, and Stadler and Rouse.

Makkinga Contractors started the watermain, sanitary and storm sewer replacement for Brompton Rd on May 30, 2022. 331m of new watermain along Brompton was installed and connect to the existing main at Rouse St. on July 14, 2022. 335.5m of new Sanitary sewer lines were installed and connected to the existing main at Rouse St. on June 28, 2022. New water and sanitary service lines were installed to the curb stop of 27 houses on Brompton Rd in the project area including 1 and 3 Rouse St. As of July 22, 2022, 384m of storm sewer, 6 sanitary manholes, 11 storm manholes, 2 catch basins and 4 hydrants were replaced.

Project is on schedule and within budget.

- b) ICIP Culture – Recreation Centre Rehabilitation Project

JML Engineering has been awarded the contract for Engineering and Contract Administration Services for the combined Recreation Centre Rehabilitation and Municipal Accessibility Upgrades Project, of which the ICIP Culture project is apart. Engineering components of the Recreation Center portion are to be completed during the summer of 2022 with work estimated to start by the end of 2022.

c) ICIP Covid- Resiliency – Recreation Centre Roof

This project has been included in the RFP for Engineering and Contract Admin Services for the Recreation Centre. Work is expected to be completed in the summer of 2023 to coincide with the roof replacement over the Brompton Rd. entrance of the Recreation Centre.

- d) RV Park and Campground Market Focused Business Case has been presented to Council and accepted. The final project report has been submitted to funders. This project was completed for \$5,587.00 under budget for a total cost of \$50,186.69 including HST. Funding support through NOHFC and FedNor provided 90% of eligible expenses in the amount of \$40,675.20. After the HST rebate, the completion of this study cost the Township \$4,519.47. Three documents were completed as part of this project consisting of a Market and Location Analysis, a Marketing Plan and SCOR Analysis, and the final RV Park and Campground Market Focused Business Case, demonstrating the feasibility and sustainability of the development and operation of an RV Park and Campground at the waterfront, with external assistance from funders for construction. This project was completed by McSweeney and Associates and provides the required reports and documentation for funding support for the design, engineering and construction of an RV Park and Campground.
- e) Worked with McSweeney and Associates on the development of Red Rock's Community Strategic Plan and Community Profile. The final strategy was accepted by Council on June 20, 2022. 77 online surveys were completed, 68 participants at the focus groups, 25 one-on-one interviews, and 37 participants in the working groups, with participation from local businesses, service organizations, regional service providers, residents, Council, and staff. This project was completed for \$4,025.87 under budget for a total cost of \$73,813.59 including HST. Funding support through NOHFC and FedNor provided 90% of eligible expenses in the amount of \$59,826.72. After the HST rebate, the completion of the Strategic Plan and Community Profile cost the Township \$6,647.41. Three documents were produced as part of this project consisting of a Situational Analysis, 2022 Community Profile, and a 10 Year Community Development Strategic Plan. The Strategic Plan includes an implementation plan, objectives, clearly defined action items, and short-term, mid-term and long-term goals.
- f) Website and Online Service Delivery Review as part of the Municipal Modernization Program Continuing to work with MNP Digital Inc. is a 100% funded project up to \$50,000. The Project was completed for \$1,833.72 under the funding allotment for a total of \$48,166.28 after the HST refund (full project cost was \$53,486.54 including HST). The Report provided a review of the current website and service offerings, current industry trends, a needs assessment, recommendations as well as an implementation plan to improve Red Rock's Website and Online Service Delivery. With the recommendations and implementation plan, the Township has the required information to apply for funding to move to the next stage of improving its website and online service options. The Website and Online Service Review was presented to and accepted by Council on July 18, 2022.
- g) Working on the Community Safety and well-being plan to be compliant with Provincial requirements. Nipigon, Red Rock, Dorion and Lake Helen are working with the Ministry to develop a joint plan as there are several organizations serving all of these communities as

regional service providers. A joint plan would take some of the pressure off each community having to come up with enough volunteers and participants to form a committee.

- h) Active Transportation Fund application was submitted and approved for 100% funding for an assessment and recommendation focusing on improving walking and cycling paths, sidewalks, and lighting along walking paths. This project would focus on the width of sidewalks, street approaches for accessibility, connectivity between key area of town, safety, and overall condition of existing sidewalks and pathways. The report and recommendations that come out of this assessment would assist with the provincial asset management requirements as well as provide the supporting document for funding for the replacement and possible addition on sidewalks and walking paths throughout the community.
- i) Assisted the Golden Club with an application for the Rural Transit Solutions fund for the purchase of a new accessible van. Still awaiting results.
- j) Preparing documentation and requirements for an updated Marina Security plan in anticipation of cruise ships in the near future (as early as 2024).
- k) Worked with Stephen Burnett of the Great Lakes Cruise Association to welcome 6 cruise ship organization including National Geographic and Lindblad Cruises, Ponent Cruises, Ritz Carlton Cruises, Emerald and Scenic Cruises and Great Lakes Cruises.com. Brian Davis, President of the Red Rock Historical Society, Suzanne Kukko of Superior Country and myself lead a guided tour up to Lloyd's Lookout, were joined by the captain Greg Heroux of Sail Superior, Great Lakes pilot Sean Donoghue, and their chef, along with Red Rock Councillor Cam Todesco and Reeve of Dorion Robert Beatty for dinner at Red Pebbles. The crew arrived by zodiac from Thunder Bay on July 28th, spent the night at the Red Rock Inn, had breakfast at Red Pebbles, toured the Interpretive Centre and headed for Rosspport on July 29th. A copy of the Superior Country Press Release is attached. A big thank you to the staff at the marina for assisting at the docks and at the interpretive centre to help facilitate a safe arrival and departure. The group spoke very highly of the staff there and of the community and look forward to returning as they move onto the case studies and planning for excursion development.
- l) Continuing to prepare documentation, research various component costs for projects and RFP's, provide status reports to funders, submit claims to funders for expenses related to projects, monitor project timelines and budgets and final reporting to funders for completed projects.
- m) Review previous reports for supporting documentation for current and future funding opportunities and attend webinars and information sessions on current funding opportunities to determine eligibility and feasibility (if the township has the required data or reports demonstrating need for projects)
- n) Continued communication and collaboration with local and regional organizations for partnership opportunities, provide input and stakeholder relations.

**The Corporation of the Township of Red Rock
Administrative Report**

Date: August 15th, 2022
To: Mayor and Council
Subject: CAO/Clerk Activity Report
Submitted by: Mark Figliomeni – CAO/Clerk/Treasurer

BACKGROUND:

July 19th, 2022 – August 15th, 2022

DISCUSSION:

This report is for information only and provides Council with an update on the activities within the office of the CAO/Clerk/Treasurer.

Please feel free to ask any questions that you may have and reach out at any time.

SUMMARY OF ACTIVITY:

- *Day to Day Operations- General Discussions / Stakeholders
- *Meetings/Discussions with MTO – Hwy 628 – Condition – **UPDATE**
- *Meetings with Legal – Discussions
- *Bi-Weekly Internal Staff / Team Meetings / Discussions
- *Meetings – Infrastructure Projects – Water / Sewer
- *Meetings with PSD Citywide - Asset Management Plan – **UPDATE**
- *Meetings with Federal & Provincial Government – WPCP – Process
- *Monitoring duties related to the Office of the CDO & Special Projects – **UPDATE**
- *Represented Red Rock at OPP 100th Anniversary Golf Tournament
- *Attended Thunder Bay City Council Meeting – RE – EMS – **UPDATE**
- *Holidays – August 2nd – 5th, 2022

This is a summary of some of the activity within Administration & the Office of the CAO/Clerk/Treasurer, things continue to go well and remain extremely busy. We continue to strive to move forward as a community and a team, this is our major focus & part of our overall vision.

MONITORING SITUATIONS:

***Continue to set internal policies and procedures based on overall best practice within the Municipal Act.**

DIRECTION / DISCUSSION / UPDATES:

- **MTO has visited the bridge at Big Trout Creek to assess the current situation and condition – We will continue to address this and provide an update in the near future.**
- **PSD Citywide has requested an additional extension to provide the presentation to Council regarding the Asset Management Plan. They plan to present at one of the Council meetings in September.**
- **Ashley Davis (CDO) is back in a part time role, she is expected to return to full time duties shortly.**
- **I attended the recent Thunder Bay City Council Meeting representing Red Rock regarding the EMS base consolidation issue for the Red Rock & Nipigon area. It was passed at that meeting to consolidate the bases, we will continue to follow closely and update this situation as it continues.**

NOTES:

Courtney Van Horne has handed in an official resignation letter effective August 31st, 2022 from the Recreation Intern Position. Courtney was a great addition to the Township of Red Rock in her short time in this role. I take this opportunity to both thank her and wish her well moving forward.

The deadline for candidates to file for the 2022 Municipal Election is Friday August 19th, 2022 at 2:00 PM. The Township office will be open until 2:30 PM on this day.

**The Corporation of the Township of Red Rock
Administrative Report**

Date: August 15th, 2022
To: Mayor and Council
Subject: Sale of Property – 19 Rankin Street
Submitted by: Mark Figliomeni – CAO/Clerk/Treasurer

RECOMMENDATION:

The recommendation from Administration is that the property is sold as per the details within the offer received.

DISCUSSION:

The property known as 19 Rankin Street has been previously declared surplus by the Township of Red Rock and has received an offer to purchase in the amount of \$23,500.00 including HST.

AVAILABLE UPON REQUEST:

Verbal Update from the CAO

**The Corporation of the Township of Red Rock
Administrative Report**

Date: August 15th, 2022
To: Mayor and Council
Subject: Red Rock Bridge # 1 – JML Engineering
Submitted by: Mark Figliomeni – CAO/Clerk/Treasurer

RECOMMENDATION:

That repairs to Bridge #1 are deferred until 2023.

BACKGROUND:

See attached.

DISCUSSION:

Verbal update from the CAO/Clerk

ATTACHMENTS:

(1) JML Engineering – Report

August 11, 2022
Ref. No. JML2021059

The Corporation of the Township of Red Rock
Box 447, 42 Salls Street
Red Rock, ON P0T 2P0

Attention: Blair Westerman
Public Works Superintendent

Reference: **Bent #12 Monitoring**
Red Rock Bridge No. 1

Dear Blair:

JML Engineering has been retained by the Township of Red Rock to monitor the rotation of the existing timber piles and timber columns at Bent #12 at Red Rock Bridge No. 1.

The purpose of this exercise is to assess if rotation of the piles or columns is progressing. The bridge is currently load posted at 25/40/55 tonnes from a structural evaluation done by JML Engineering in 2009, based on the bending capacity of the timber deck. Further pile or column rotation may result in a reduced load posting, or closure of the bridge.

The methodology used to check the pile and column alignment involves rotation measurements using a 24" long inclinometer, which indicates the slope in degrees. 6" long spiral nails were installed at each pile and column to be monitored. The inclinometer was placed flush against the column/pile with the top of the inclinometer touching the bottom of the spiral nail. The rotation measurements are recorded on JML Drawing 2021059 SK-1, Rev. A, titled 'Bent #12 Monitoring System Plan, Section and Measurements' (copy attached).

The readings taken since the establishment of the monitoring system and since the spring thaw in 2022 appear to indicate that some movement has occurred. However, the readings taken to date do not indicate a progressive trend or pattern to the movements. In general, the bent appears to be in similar condition as it was one year ago.

Based on the current alignment and condition of Bent #12, rehabilitation work can be deferred to 2023. We recommend monthly monitoring of the bent continue until the ground freezes. Periodic visits by the Township of Red Rock staff should be done in the meantime to look for any sudden, gross changes to the alignment of the bent. Further rotation should be brought to our immediate attention.

We trust this report is satisfactory. Please contact the undersigned if you require any additional information.

Best regards,

JML Engineering Ltd.

Michael Edmonds, P.Eng.
Vice President | Project Engineer

THE CORPORATION OF THE TOWNSHIP OF RED ROCK

BY-LAW 2022-1289

A by-law to provide for advance votes to be held prior to Voting Day.

WHEREAS Section 43(1) of the *Municipal Elections Act, 1996* provides that a municipal council shall pass a by-law establishing one or more dates for an advance vote, and the hours during which voting places shall be open on that date or dates;

NOW THEREFORE, THE COUNCIL OF THE CORPORATION OF THE TOWNSHIP OF RED ROCK ENACTS AS FOLLOWS:

1. An advance vote shall be held on the 19th day of October, 2022 between the hours of 10:00 a.m. and 8:00 p.m. at the Red Rock Recreation Centre on 19 Brompton Road in the Township of Red Rock.
2. By-Law 2018-1178 is hereby repealed.
3. This by-law shall come into force and take effect on the date of final passing

Chief Administrative Officer/Clerk

THE CORPORATION OF THE TOWNSHIP OF RED ROCK
BY-LAW 2022-1290

**BEING A BY-LAW TO DELEGATE AUTHORITY TO THE OUTGOING COUNCIL TO
PASS BY-LAW(S) TO AUTHORIZE THE ISSUE OF DEBENTURES FOR CAPITAL
WORKS OF THE TOWNSHIP OF RED ROCK**

WHEREAS section 5 of the Municipal Act, 2001, as amended (the "**Act**") provides that a municipal power shall be exercised by by-law unless the municipality is specifically authorized to do otherwise;

AND WHEREAS subsection 401 (1) of the Act provides that a municipality may incur a debt for municipal purposes, whether by borrowing money or in any other way, and may issue debentures and prescribed financial instruments and enter prescribed financial agreements for or in relation to the debt;

AND WHEREAS paragraph 6 of subsection 270 (1) of the Act provides that a municipality shall adopt and maintain a policy in respect of the delegation of its powers and duties and the Township of Red Rock (the "**Municipality**") has adopted and is maintaining such a policy;

AND WHEREAS subsection 408 (2.1) of the Act provides that a municipality may issue a debenture or other financial instrument for long-term borrowing only to provide financing for a capital work;

AND WHEREAS subsection 275 (1) of the Act provides that the council of a municipality shall not take any action described in subsection 275 (3) of the Act after the first day during the election for a new council on which it can be determined that one of the following applies to the new council that will take office following the election:

1. If the new council will have the same number of members as the outgoing council, the new council will include less than three-quarters of the members of the outgoing council.
2. If the new council will have more members than the outgoing council, the new council will include less than three-quarters of the members of the outgoing council or, if the new council will include at least three-quarters of the members of the outgoing council, three-quarters of the members of the outgoing council will not constitute, at a minimum, a majority of the members of the new council.
3. If the new council will have fewer members than the outgoing council, less than three-quarters of the members of the new council will have been members of the outgoing council or, if at least three-quarters of the members of the new council will have been members of the outgoing council, three-quarters of the members of

the new council will not constitute, at a minimum, a majority of the members of the outgoing council.

AND WHEREAS subsection 275 (2) provides that if a determination under subsection 275 (1) of the Act is made,

(a) after the nomination day but before the voting day, the determination shall be based on the nominations to the new council that have been certified and any acclamations made to the new council; or

(b) after the voting day, the determination shall be based on the declaration of the results of the election including declarations of election by acclamation.

AND WHEREAS in summary, it is only when it becomes mathematically impossible for three-quarters of the members of the outgoing council to be re-elected will the council be subject to the limitations contained in subsection 275 (3) of the Act and this may occur as early as the nomination day, or as late as the announcement of the results after the voting day;

AND WHEREAS subsection 275 (3) of the Act provides that the actions referred to in subsection 275 (1) of the Act are,

(a) the appointment or removal from office of any officer of the municipality;

(b) the hiring or dismissal of any employee of the municipality;

(c) the disposition of any real or personal property of the municipality which has a value exceeding \$50,000 at the time of disposal; and

(d) making any expenditures or incurring any other liability which exceeds \$50,000;

AND WHEREAS subsection 275 (4) of the Act provides that clauses 275 (3) (c) and 275 (3) (d) do not apply if the disposition or liability was included in the most recent budget adopted by the council before the nomination day in the election;

AND WHEREAS subsection 275 (6) of the Act provides that nothing in section 275 prevents any person or body from exercising any authority of a municipality that is delegated to the person or body prior to the nomination day for the election of the new council;

AND WHEREAS the council of the Municipality (the "**Council**") has authorized various capital works of the Municipality and the issue of debentures therefor (individually a "**Capital Work**", collectively the "**Capital Works**") and may desire to issue debentures for the Capital Works during the period of time from the nomination day on August 19, 2022 until November 14, 2022, in light of the fact that the new term of Council commences on November 15, 2022 (the "**Period**");

AND WHEREAS there is concern that a determination may be made under subsection 275 (1) of the Act that it is mathematically impossible for three-quarters of the members of the outgoing Council to be re-elected in which case the Council shall not take any action described in subsection 275 (3) of the Act after the first day during the election for a new Council unless the Council has delegated authority in accordance with subsection 275 (6) of the Act;

AND WHEREAS the Treasurer may determine that it is advantageous to secure long-term financing for one or more Capital Works before or during the Period and to issue debentures to Ontario Infrastructure and Lands Corporation ("**OILC**") during the Period, pursuant to:

- (i) one or more OILC Debenture Term Sheets issued under one or more Financing Agreements; and/or
- (ii) one or more rate offer letter agreements issued under one or more Applications to request financing for the Capital Work(s),

upon such terms and conditions, including the applicable interest rate(s), as the Treasurer deems expedient.

NOW THEREFORE the Council of the Township of Red Rock hereby enacts as follows:

1. In the event that a determination is made under subsection 275 (1) of the Act based on which the Council is prohibited from taking any action described in subsection 275 (3) of the Act, at any time during the Period, the outgoing Council is hereby authorized to pass a by-law or by-laws, as the case may be, to authorize long-term borrowing through one or more issues of debentures in respect of any one or more of the Capital Works and the outgoing Council is hereby authorized during the Period to pass any by-laws to authorize one or more issues of debentures provided that such by-law(s) and the debentures issued thereunder ("**Debentures**") shall be in compliance with the terms and conditions set out in the OILC Debenture Term Sheet(s) and/or in the rate offer letter agreement(s) that the Treasurer enters into in accordance with this By-law to secure long-term financing for any one or more of the Capital Works.
2. For purposes of fulfilling the obligations of the Municipality in respect of the Debentures, the Municipality shall, in accordance with the Act, provide for raising in each year as part of the general levy, the amounts of principal and interest payable in each year under the Debentures, to the extent that the amounts have not been provided for by any other available source including other taxes or fees or charges imposed on persons or property by a by-law of any municipality.
3. In the event that a determination is made under subsection 275 (1) of the Act based on which the Council is prohibited from taking any action described in subsection 275 (3) of the Act, at any time during the Period, any one or more of the Head of Council and the Treasurer are hereby authorized to cause the Debentures to be issued, the Clerk and the Treasurer are hereby individually or

jointly authorized to generally do all things and to execute all other documents and papers in the name of the Municipality in order to carry out the issuance of the Debentures, and the Treasurer or the Clerk is authorized to affix the Municipality's municipal seal to any such documents and papers.

4. For greater certainty, the Council hereby delegates to the outgoing Council authority to pass any by-laws during the Period deemed to be necessary or appropriate in connection with the issuance of Debentures in respect of any one or more of the Capital Works in accordance with this By-law and the Act.
5. This By-law shall come into force and takes effect on the date of its final passing.

INSPECTION OF NDMNRF-APPROVED PRESCRIBED BURN PLAN

The Ontario **Ministry of Northern Development, Mines, Natural Resources and Forestry (NDMNRF)** invites you to inspect the NDMNRF-approved prescribed burn plan that will be carried out in the **Lakehead Forest** (see map).

As part of our ongoing efforts to regenerate and protect Ontario's forests, some recently harvested areas off the **Lofty Davies Road** are selected to be burned under the guidelines of the NDMNRF's *Prescribed Burn Manual*. The prescribed burn will prepare and enhance the site(s) for subsequent regeneration and growth. The burn is scheduled for ignition between **July 21, 2022, and November 30, 2022**

The approved prescribed burn plan, including specific locations and maps, is available electronically for public inspection by contacting Greenmantle Forest Inc. and on the Natural Resources Information Portal at <https://nrip.mnr.gov.on.ca/s/fmp-online> until March 31, 2023 when the Annual Work Schedule expires.

Interested and affected persons and organizations can arrange a remote meeting with NDMNRF staff to discuss the prescribed burn plan. For more information, please contact:
