THE CORPORATION OF THE TOWNSHIP OF RED ROCK

969th REGULAR MEETING OF COUNCIL

NOVEMBER 21st, 2022

Present: Mayor: D. Robinson
Councillors: G. Muir
N. Gladun
C. Brand
M. Smith (electronically)

Chief Administrative Officer: M. Figliomeni
Municipal Secretary: W. Odahl
Director of Operations: B. Westerman

ONE: CLOSED SESSION

1.1 Resolution to Close the Meeting

Resolution #1

Moved by: Councillor Gladun
Seconded by: Councillor Muir

BE IT RESOLVED THAT Council move into Closed Session at 6:30pm under the authorities as printed in the Agenda.

CARRIED

Council entered Closed Session.

Resolution #2

Moved by: Councillor Brand
Seconded by: Councillor Muir

BE IT RESOLVED THAT Council rise from Closed Session at 6:59pm and report in Open Session.

CARRIED

The open session re-convened at 7:00pm.

TWO: REPORT FROM CLOSED SESSION

Council was briefed with a legal update, financial educational session and discussed personnel matters in Closed Session. Mayor Robinson noted that discussions were not finished; therefore, Council would be going back into Closed Session at the end of the Open Session.

THREE: PRELIMINARY MATTERS

3.1 Call to Order

Mayor Robinson called the meeting to order at 7:04p.m.

3.2 Traditional Territory Acknowledgement & Moment of Silence

Mayor Robinson read aloud the following land recognition and then proceeded in a moment of silence:

“Council of the Township of Red Rock hereby acknowledge that we are on the traditional territory of the Robinson-Superior Treaty and that the land we gather on is home to the Red Rock Indian Band, the Anishnaabek and the Metis People.”

CARRIED

3.3 Acceptance of the Agenda

The Agenda was approved with the following resolution:

Resolution #3

Moved by: Councillor Gladun

Seconded by: Councillor Smith

BE IT RESOLVED THAT the Agenda for this Regular Meeting of Council on November 21, 2022 be approved, as presented.

CARRIED

3.5 Disclosures of Interest

In response to Mayor Robinson’s request, no members disclosed interest in matters before Council this evening.

FOUR: PRESENTATIONS OR DEPUTATIONS

None

FIVE: MINUTES OF PREVIOUS COUNCIL MEETINGS

5.1 Minutes of the October 17, 2022 Meeting of Council

Councillor Brand requested a change in the November 15, 2022 minutes, relating to the Council representatives for the TBDSSAB, TBDHU and TBDML Boards.

Council approved both of the presented minutes for the November 7, 2022 Regular Meeting of Council and the November 15, 2022 Special Inaugural Meeting of Council with the following resolutions:

Resolution #4

Moved by: Councillor Smith

Seconded by: Councillor Muir

BE IT RESOLVED THAT Council approves the minutes for the November 7, 2022 regular Meeting of Council.

CARRIED

Resolution #5

Moved by: Councillor Muir

Seconded by: Councillor Gladun

BE IT RESOLVED THAT Council approves the minutes for the November 15, 2022 Special Inaugural Meeting of Council.

CARRIED

SIX: CORRESPONDENCE

6.1 North Superior Workforce Planning Board – Welcome Letter

Councillor Muir asked if the Board was part of another organization or a new Board. Mayor Robinson replied that they are not new, but are just welcoming the new incoming Council.

6.2 Ministry of Municipal Affairs – Letter from the Minister

Councillor Muir questioned the mention of Bill-23 in the letter and requested more information on the topic. The CAO stated that he will bring more information on the Bill back to the next meeting.

6.3 NOMA – Letter to Dennis Brown

Council posed no questions or discussions on the report.

6.4 TBDSSAB – Update from the Board

Council posed no questions or discussions on the report.

6.5 TBDHU – October 19, 2022 Meeting Minutes

Council posed no questions or discussions on the report.

6.6 TBDSSAB – Virtual Information Session

CAO Figliomeni noted that the information session would include valuable information for members of Council.

6.7 Minister of Finance – 2023 OMPF Funding Allocations

Councillor Muir inquired about the use of the funding, and whether it could be used for operations or capital expenses. CAO Figliomeni noted that the OMPF funding is a unique funding opportunity that allows municipalities to use the funds for operational expenses and could be used for capital expenses if required.

6.8 TBDSSAB – October 3, 2022 Meeting Minutes

Council posed no questions or discussions on the report.

6.9 Ontario Provincial Police – 2023 Annual Billing Statement

Councillor Brand questioned the number of hours that the OPP are servicing the community for in relation to the billing statement. CAO Figliomeni noted that the OPP Staff Sergeant will be presenting quarterly reports at the next meeting of Council with those statistics and any questions can be given to him at that time.

6.10 Live from the Rock – 2023 Sponsorship Levels

CAO Figliomeni stated his recommendation to continue the Township's in-kind donation to Live from the Rock, which includes use of the Marina grounds and assistance from Township staff. Councillor Muir suggested moving forward with a resolution on sponsorship as soon as possible. Council directed the CAO to bring a resolution back to the next meeting of Council.

SEVEN: REPORTS FROM COMMITTEES, BOARDS OR AGENCIES

7.1 Red Rock Public Library Board Meeting – September 13, 2022 Minutes

Council posed no questions or discussions on the minutes.

Resolution #6

Moved by: Councillor Gladun

Seconded by: Councillor Smith

BE IT RESOLVED THAT the minutes of the Red Rock Public Library Board's meeting on September 13, 2022, be received.

CARRIED

EIGHT: REPORTS FROM ADMINISTRATION

8.1 Report from Director of Operations

Councillor Brand asked the DOO what curb stops were and how the damages were caused. Mr. Westerman replied that they are buried water valves outside of homes and that corrosion is the main issue. The DOO stated that minor repairs to the Brompton roadwork will be finished in the spring. Councillor Muir inquired about the lift station at Trout Creek. Mr. Westerman noted that he is putting together a contingency plan in case of a pumping failure.

Resolution #7

Moved by: Councillor Brand

Seconded by: Councillor Gladun

BE IT RESOLVED THAT the report from the Director of Operations, be received.

CARRIED

8.2 Report from Fire Chief

Councillor Brand questioned the involvement of vehicle & equipment maintenance at the Fire Hall. CAO Figliomeni noted that minor maintenance including oil changes is done on the fire trucks, and that he would get further detail from the Fire Chief on other maintenance.

Resolution #8

Moved by: Councillor Muir
Seconded by: Councillor Smith

BE IT RESOLVED THAT the report from the Fire Chief, be received.

CARRIED

Resolution #9

Moved by: Councillor Brand
Seconded by: Councillor Muir

BE IT RESOLVED THAT Council appoints Liam Stenlund to the Red Rock Volunteer Fire Department as a probationary fire fighter.

CARRIED

Resolution #10

Moved by: Councillor Gladun
Seconded by: Councillor Smith

BE IT RESOLVED THAT Council accepts the resignation of Todd Dampier from the Red Rock Volunteer Fire Department, with regret.

CARRIED

8.3 Report from Community Development Officer

Councillor Muir asked if the Canada Day funding application applied to the fireworks display. CAO Figliomeni noted that fireworks are included in the amount, as well as other events for the celebration. Councillor Brand questioned the type of security plan required for cruise ships visiting Red Rock. The CAO stated that a security plan included general training and legalities relating to having the additional service at the Marina. Mayor Robinson noted that the security plan was a requirement in order to have the cruise ships consider the stop.

Resolution #11

Moved by: Councillor Muir
Seconded by: Councillor Gladun

BE IT RESOLVED THAT the report from the Community Development Officer, be received.

CARRIED

8.4 Report on Administrative Activity

Councillor Brand requested more detail in the report. The CAO verbally went through his report with Council. He stated that he does not recommend attending the 2023 ROMA

Conference while transitioning into a new Council, but that a conference later in the year would be more beneficial.

Resolution #12

Moved by: Councillor Gladun
Seconded by: Councillor Muir

BE IT RESOLVED THAT the report on Administrative Activity be received.

CARRIED

8.5 Report on TBDSSAB & TDBML Council Reps

CAO Figliomeni noted that he was still looking for confirmation on a Council representative for the Thunder Bay District Health Unit Board.

Resolution #13

Moved by: Councillor Brand
Seconded by: Councillor Smith

BE IT RESOLVED THAT Nancy Gladun be appointed as the Council representative for the Thunder Bay District Social Services Administration Board for the 2022-2026 term of Council.

CARRIED

Resolution #14

Moved by: Councillor Gladun
Seconded by: Councillor Smith

BE IT RESOLVED THAT Gord Muir be appointed as the Council representative for the Thunder Bay District Municipal League for the 2022-2026 term of Council.

CARRIED

8.6 Report on Red Rock Committee Appointments

Resolution #15

Moved by: Councillor Muir
Seconded by: Councillor Gladun

BE IT RESOLVED THAT the following persons be appointed to the Red Rock Public Library Board for the 2022-2026 term of Council:

- Joanne Boudreau
- Marilyn Young
- Anne Lockwood
- Cheryl Hendricken
- Denise Maidment

CARRIED

Resolution #16

Moved by: Councillor Brand

Seconded by: Councillor Muir

BE IT RESOLVED THAT the following persons be appointed to the Committee of Adjustment for the 2022-2026 term of Council:

- Leif Andersen
- Martin Bunch
- Denise Maidment

CARRIED

Resolution #17

Moved by: Councillor Muir

Seconded by: Councillor Gladun

CAO Figliomeni noted that one spot is still vacant on the Property Standards Committee.

BE IT RESOLVED THAT the following persons be appointed to the Property Standards Committee for the 2022-2026 term of Council:

- Leif Andersen
- Martin Bunch
- VACANT

CARRIED

8.7 Report on Surplus Equipment

Councillor Brand requested the value of each piece of equipment. The CAO responded that they will be posted on a government site with a potential minimum bid of \$2,500.

Resolution #18

Moved by: Councillor Brand

Seconded by: Councillor Gladun

BE IT RESOLVED THAT the following equipment be declared as surplus for the Township of Red Rock, with the intention of sale:

- 1979 Olympia Ice Resurfacing Machine
- 1996 Freightliner FL 80 Garbage Truck
- 1998 F-350 Flat Deck

CARRIED

8.8 Report on Items from Councillor Muir

Councillor Muir outlined the items he requested for the Agenda with Council. Councillor Muir suggested a new committee of Council relating to implementing the Strategic Plan accepted by Council earlier in the year, and also requested that the Strategic Plan be an ongoing item on future Agendas. CAO Figliomeni noted that there is an implementation process included with the plan that is handled in stages.

Councillor Muir also requested for the EMS Consolidation to be an ongoing item on the Agenda.

Councillor Muir suggested a new Public Works Advisory Committee to provide advice and recommendations to Council regarding policies and projects related to the Public Works Department.

Councillor Muir requested a report be brought to Council on the evaluation of rural taxes versus town site residential. CAO Figliomeni noted that the higher taxes for rural properties are based on the assessed values of the properties in those areas. The CAO also noted that water and sewer fees are not included in the taxation rate, though many other municipalities do include sanitation services in their rates. Council directed Administration to look into organizations that can do a study on the taxation difficulties in the community.

None

TEN: NEW BUSINESS

None

ELEVEN: UNFINISHED BUSINESS

None

TWELVE: CLOSED SESSION

12.1 Resolution to Close the Meeting

Resolution #19

Moved by: Councillor Muir
Seconded by: Councillor Gladun

BE IT RESOLVED THAT Council move into Closed Session at 8:15pm under the authorities as printed in the Agenda.

CARRIED

Council entered Closed Session.

Resolution #20

Moved by: Councillor Muir
Seconded by: Councillor Gladun

BE IT RESOLVED THAT Council rise from Closed Session at 8:39pm and report in Open Session.

CARRIED

The open session re-convened at 8:40pm.

THIRTEEN: REPORT FROM CLOSED SESSION

Council resumed discussions related to legal updates, a financial educational session and personnel matters in Closed Session.

FOURTEEN: CONFIRMING BY-LAW

Resolution #21

Moved by: Councillor Muir
Seconded by: Councillor Smith

BE IT RESOLVED THAT By-law 2022-1301, to confirm the proceedings of this evening's meeting, be passed as circulated.

CARRIED

FIFTEEN: ADJOURNMENT

With no further business to conduct, Mayor Robinson declared the meeting adjourned at 8:41p.m.

Re: Addressing the urgent need for veterinary services in northern and rural Ontario

Dear President McPherson,

I'm writing on behalf of the Northwest Ontario Municipal Association (NOMA) to express our strong support for the joint proposal by the University of Guelph and Lakehead University to address the urgent need for veterinary services in northern and rural Ontario through the proposed *Collaborative Doctor of Veterinary Medicine (DVM) in Rural and Northern Community Practice Program*. We believe that this proposed solution is the crucial effort required to address the critical shortage of veterinary services in Ontario.

Increasing demand for veterinary services, combined with higher rate of retirement is leading to increased veterinary workforce shortages, especially in northern and rural Ontario. Veterinary workforce shortages have been a growing challenge in Ontario for several years, but increased rates of pet ownership during COVID-19 have exacerbated the crisis.

Veterinary shortages are more acute in northern and rural communities. In Northwestern Ontario, there are only a handful of veterinary clinics for a vast geographic area. The Rainy River District has 2 veterinary clinics serving 151 large animal farms. In Thunder Bay, there is only 1 veterinary clinic serving 96 large animal farms.

In Thunder Bay, there are currently no veterinarian clinics that are taking new pets. New pet owners in Thunder Bay are forced to drive the four-hour journey to Dryden to acquire a vet for all services including emergency care. In the winter, weather conditions along highway 11/17 can be a huge barrier to accessing care in Northwestern Ontario. The highway can be closed due to accidents or driving conditions can be dangerous

during winter storms. This represents a major obstacle to pet adoptions and personal pet care. There are many pets in need, and it is inhumane to not have adequate services to provide the level of care they require.

DVM job advertisements are 3 times higher than 2017 (OVMA). Some clinics have stopped searching for veterinarians altogether as they are unable to secure interested candidates. This not only represents a major obstacle pet care and adoptions but also to growth in the agri-food sector, specifically for Northern Ontario where this is an active industry.

The proposal would materially increase the number of DVM graduates in Ontario for the first time in a generation. By having students conduct their education in the North, it can increase our chances that they will decide to stay in the North and fill the void we are experiencing. We do encourage, if Lakehead University is successful in their application, that they review incentive options to encourage students to remain in the North permanently.

We greatly appreciate your time in this matter and please do not hesitate to reach out if you would like to discuss this matter further.

Sincerely,

A handwritten signature in black ink that reads "Wendy Landry". The signature is written in a cursive, flowing style.

Wendy Landry, President, NOMA
Mayor, Municipality of Shuniah

Ontario Improving Road Safety in the North

Province introduces new standard for clearing snow on Highways 11 and 17

November 18, 2022

Transportation

THUNDER BAY— The Ontario government is improving road safety in Northern Ontario by clearing Highways 11 and 17 four hours faster than the previous standard. The new “ON Trans-Canada” standard requires contractors to clear the highways to bare pavement within 12 hours of the end of a winter storm.

“Our government is the first to create a new highway level of service that will ensure Highways 11 and 17 are cleared faster, while improving road safety for drivers in the North,” said Caroline Mulroney, Minister of Transportation. “Ontario already has nation-leading standards in place when it comes to winter maintenance, and this builds on our government’s broader efforts to ensure we keep it that way.”

The new standard for clearing snow follows a detailed technical review of winter maintenance operations on Highways 11 and 17 and analysis of data from the winter maintenance pilot from the past two winter seasons on these highways.

In addition to the new standard, Ontario has taken several other actions to enhance its winter maintenance on Ontario highways, including:

- Increased use of underbody plows that have better performance in removal of snowpack as compared to conventional plows.
- Increased proactive use of anti-icing liquids before storms to make it easier to clear snow.
- Building an additional 24 Road Weather Information Stations (14 in Northern Ontario) to respond to changing winter weather conditions faster and more effectively.
- Enhancing 14 rest areas as a safe place to stop during the winter season, including rehabilitation of the rest areas along Highways 11, 17 and 599.
- Moving ahead with the first-ever 2+1 highway pilot in North America to help make our roads even safer.

Provincial service standards are evaluated on an ongoing basis to determine opportunities to further enhance winter maintenance operations across the highway network.

Quick Facts

- Ontario is the only province in Canada to have a bare pavement requirement after a storm that is publicly reported (bare pavement means the road is fully clear from snow).
- In 2020, Ontario released a technical review of Highways 11 and 17 and found levels of service generally met or exceeded provincial standards.
- The Highway 11/17 winter maintenance pilot ran for two years during the 2020-2021 and 2021-2022 winter seasons and helped inform the new 12-hour bare pavement standard on these highways.
- Ontario has more than 1,100 pieces of equipment ready to fight the harshest winter conditions and our winter maintenance contractors are active 24/7 to clear highways. At the start of a winter storm, maintenance crews deploy their equipment within 30 minutes to plow, salt and sand highways.
- Before travelling this winter, plan your travel by visiting Ontario.ca/511 or using the 511 app available for free on the [App Store](#) and [Google Play](#). Ontario 511 allows you to plan your route by reviewing road conditions, cameras, weather, and Track My Plow to find out where plows are on provincial highways.

Quotes

"Our government is continuously striving to find ways to improve road safety, as evidenced by the new 'ON Trans-Canada' standard for Highways 11 and 17, which means Thunder Bay residents can drive more safely this winter."

- Kevin Holland
MPP for Thunder Bay-Atikokan

NEWS RELEASE

Ontario Launches New Critical Minerals Innovation Fund to Strengthen Green Economy

\$5 million fund will support innovation, economic growth and made-in-Ontario supply chain

November 24, 2022

Mines

Economic Development, Job Creation and Trade

TIMMINS – The Ontario government is investing in the critical minerals sector by launching a two-year, \$5 million Critical Minerals Innovation Fund to enhance research and development of new technologies.

The fund will support Ontario-based innovation that will help build the supply chain for clean technologies, including electric vehicles, by connecting mineral resources in the north with the manufacturing might of the south.

“Our goal is to supply our province, country and allies with the critical minerals we need to meet our climate goals and transition to a cleaner, sustainable economy,” said George Pirie, Minister of Mines. “This investment will leverage Ontario’s expertise to tap into new and growing markets and ensure we capitalize on the growing demand for responsibly and ethically sourced critical minerals.”

The Critical Minerals Innovation Fund will help increase exploration, mining, smelting and processing of critical minerals within Ontario. The fund will promote collaboration between industry, academia and start-ups to drive the commercialization of technologies to extract and process critical minerals. This includes supporting new technologies that would allow companies to recover critical minerals from mine tailings and waste sites across the province.

“The new Critical Minerals Innovation Fund is another way our government is growing Ontario’s green economy, while building the north, supporting job creation and fostering innovation,” said Vic Fedeli, Minister of Economic Development, Job Creation and Trade. “Ontario has everything companies need to grow and thrive, and we’re excited to see the made-in-Ontario solutions that will be developed through this fund.”

Applications for the Critical Minerals Innovation Fund are now being accepted. More information is available [here](#).

Quick Facts

- In March 2022, the Ontario government launched the [Critical Minerals Strategy](#), a five-year plan to position Ontario as a global leader in supplying critical minerals.
 - Critical minerals are a subset of the raw materials needed to produce many products and specialized technologies. They do not have many viable alternatives, meaning if a critical mineral is not available, there aren't many other minerals that can be used in its place.
 - In 2021, Ontario produced over \$11.1 billion worth of minerals, accounting for 20 per cent of Canada's total mineral production and approximately \$3.1 billion worth of critical minerals.
 - Ontario is a leading global producer and manufacturer for critical minerals, such as nickel, copper, cobalt and platinum group elements.
 - Minerals mined and processed in Ontario support key sectors including auto manufacturing, telecommunications and national defence.
-

Quotes

"Canada Nickel is fortunate to own a globally significant nickel sulphide development project in Timmins, Ontario. The funding announced today by the Ontario government is an important signal of its support for Ontario's mining and downstream processing industries. We look forward to fully participating in this program as Canada Nickel advances our project, which has the potential to not only deliver zero carbon nickel and cobalt, but also provide a foundation for an entire zero carbon industrial cluster in the Timmins region."

- Mark Selby
Chairman and CEO, Canada Nickel Corp.

**Northwestern Ontario Municipal Association
Board of Director Meeting Minutes**

August 13, 2022

Alberta Room – The Westin Hotel - Ottawa

Present: Wendy Landry, Deb Ewald, Wendy Brunetta, Kevin Kahoot, Jason Young, Kristen Oliver, Dan Reynard, Rick Dumas, Fred Mota, Mark Vermette, Jody Davis (1:26pm) and Andrea Strawson

Regrets: Brian McKinnon, Norm Gale, Doug Hartnell, Jim Vezina, Gord Griffiths, and Mark Figliomeni

Guest: Graydon Smith and Terran Morris

1. Call to Order:

MOTION: THAT the meeting to be called to order at 1:21 pm EST.

2. Approval of the Agenda:

MOTION: THAT the Agenda be approved as presented.

Moved by: Deb Ewald Seconded by: Kevin Kahoot

CARRIED

3. Approval of the Minutes of June 28, 2022:

MOTION: THAT the minutes of the board meeting held on June 28, 2022, be approved as presented.

Moved by: Jason Young Seconded by: Fred Mota

CARRIED

4. Approval of the Financial Statement:

MOTION: THAT the financial statement be approved as presented.

Moved by: Wendy Brunetta Seconded by: Kristen Oliver

CARRIED

5. Executive Director Report

The Executive Director outlined the report and the new Strategic Plan Tracker.

MOTION: THAT the Executive Director report be reviewed and approved as presented.

Moved by: Rick Dumas Seconded by: Mark Vermette

CARRIED

Roundtable introductions for Terran Morris the AMO Youth Fellow Wendy Landry is mentoring. Minister Graydon Smith spoke a few words to the board and expressed his desire to continue strong relationships with all board members.

6. New Business

6.1 FONOM, NOSDA, and NOMA Research Paper with NPI

The ED outlined the abstract for the next paper that will be ready to share with government for ROMA.

6.2 AMO Delegations- Confirm Speakers

OMPF – Rick Dumas and Mark Vermette will speak on the Red Lake Perspective, Crown Land – Fred Mota (going first), Railway taxation – Wendy Landry, Public Health and EMS – Norm Gale.

6.3 Northern Ontario Transportation Task Force Update

Wendy Landry reported that they had 4th meeting, and it was very educational. They discussed new set of training regulations coming out in September, graduated licensing, making dash camera permanent in truck and service providers. There is work being done that the training requirements will be consistent across the province and federally. Gave an update regarding reporting on the recommendations. They also discussed rail, air, and ports.

6.4 Ontario One Call Locate Response Times

The ED asked if any other municipalities facing issues with One Call Local Response time for infrastructure repairs. It is an issue across the province. A comment was made to say that they are potentially looking at charging people for the Locate but this could create more issues. Some service providers are hiring their own Locates to expedite timelines. They are short on staff to perform the locate services. The ED will send an email to municipalities to see what they are experiencing in their communities.

7 Updates from the Municipal Associations/League

TBDML –Rick Dumas reported they are still organizing their next meeting to discuss fall conference. They had someone interested in the ED position.

KDMA – Kevin Kahoot reported they met with Henry Wall and discussed advocating with ministries on issues. Henry will work with KDMA to get contacts. They will be moving forward with working on regionally specific issues within KDMA.

RRDMA – Deb Ewald reported they cancelled their executive meeting but will have next board meeting on September 21st. Discussed alcohol permits.

8 ISSUE TRACKER

Non-urgent Patient Transport – Nothing to report

OMPF – Nothing to report

Policing Costs – A discussion occurred regarding the reason KDMA is experiencing increased policing costs. Calls for service are likely the primary issue and couch-surfers.

Conservation Lands – Nothing to report

Mining – Mark Vermette reported there are great opportunities. They have meeting with Minister of Mining and discuss mining claims. Tailing facilities and housing are still issues. The Board also discussed caribou issue as well.

Nuclear Waste Management Org – Kevin reported the next meeting is in September virtually and the repository selection has been delayed to 2024. There is a turnaround in NWMO as people run for municipal election and other reasons. There are multiple First Nations that are now saying they will not accept southern waste in our lands.

Railway Taxation – Nothing to report

NOSM: Physician Recruitment – Wendy Brunetta reported they had a meeting. The expansion that was supposed to happen this fall isn't happening so they will not be able to take more students this year. They are planning a summit for the Fall and next Spring. Red Lake is not getting any residency doctors from NOSM. There is a struggle with NOSM going into Northern Communities and the reasoning is unclear. There needs to be consistency and clarity on the locums across the region as municipalities are competing for locum doctors as some municipalities can offer more to get them and others will loose out. Will look into this in the future.

Energy – Nothing to report

9 **Adjournment**

MOTION: THAT there being no further business to discuss the meeting do now adjourn at 2:50pm.

Moved by: Deb Ewald Seconded by: Kevin Kahoot

CARRIED

November 24, 2022

Attention: Mayor and Council

NOMA Board Meeting Summary Report for November 23, 2022

SNOED 101: Mike Atkins and David Robinson developed Sustainable Northern Ontario Economic Development Course to provide students insight into the specific economic development challenges and opportunities in Northern Ontario. The course provides 10 credits towards economic development certification. NOMA will enter into partnership with them and will be promoting their courses. This course is geared towards elected officials, CAO's, municipal staff, provincial and federal ministers, deputy ministers, and those wishing to learn more about economic development in the region.

Northern Ontario Transportation Task Force: The midterm draft report has gone to minister. Final report will be completed next spring. The new 12hr safety standard on road clearing was a move forward. Some people have left task force, and anyone interested is encouraged to apply join task force. Deb Ewald put her name forward for consideration. Had a meeting Nov 10th and discussed broadband. There is a lot of delays at this time for various reasons. The next meeting is in December.

Road Safety: For the 3.5-hour trip from Marathon to Thunder Bay there is only one pull off with bathroom access for transports. NOMA to focus on enhance the standards of pull-offs with year-round restrooms. There is innovative infrastructure technology that can ensure restrooms are cleaned and do not freeze in Winter. The 12-hour minimum plowing on the highway is a good step forward, and we will continue the monitor the road clearing after storms. NOMA will also push to be part of planning for northern highways. **The Executive Director encouraged anyone who can to join the MTO meeting on November 25th from 9-12pm (EST) to review truck safety standards.**

Northern Electricity Advocacy Roundtable (NEAR) report: Rod Bosch is representing NOMA. At the first meeting they discussed electric vehicles and rest stops in the North and them largely being unpowered and closed in the Winter, causing a challenge to EV in the North. They also discussed commercial EV and data for current number of truck traffic on Hwy 11/17.

NOMA Conference: The Conference will be held at the **Victoria Inn, Thunder Bay from April 26-28th**. Our theme for the conference is **"New Beginnings from Lessons Learned"**. We have secured multiple keynote speakers for the event and will be offering a **field trip to Lakehead University** to take a tour of their new net-zero building and

learn how some of the features can be implemented in your own municipalities on the morning of April 26th. **Registration and accommodation information will be made available before the new year.** We will be providing a donation to Regional Food Distribution Association in lieu of speaker gifts. **Elections for NOMA President and VP will take place this year.** First call for nominations will take place in February 2023. The deadline for nominations will be Thursday April 20th, 2023.

Phone virtual care restrictions effective Dec 1, 2022: Executive Director will write a letter to outline the negative implications of this change to people in Northwestern Ontario, especially people in rural communities that are still not connected to broadband or have inconsistent service and people who are reliant on phone as they do not have access to computers.

Investing in Canadian Infrastructure Program: There is a need for the program to be expanded to supplement increased infrastructure project costs due to inflation, supply chain issues, and contractor price increases. Additionally, there is a need for funding to be provided up-front, especially for small municipalities without large reserves or the ability to secure large loans. Previously some municipalities did not use the funding for what it was meant for, causing all municipalities to pay upfront and wait for reimbursement. NOMA will send a letter to Federal Minister LeBlanc to request meeting to discuss expanding program, reviewing payment structure, and reviewing how project nomination process occurs.

Bill 23 – More homes built faster Act: NOMA discussed the negative implications of this bill. NOMA will bring our issues forward at the AMO Board meeting.

NOMA Board to participate in the ROMA conference and meet with government to discuss Railway costs, crown land, immigration pilot, and transportation and year-round road-side rest stops. NOMA, FONOM, NOSDA will conduct a joint meeting to discuss mental health, addiction, and homeless and discuss the research paper by NPI that took a deeper look into 3 of the 8 strategies proposed in the 1st paper.

NOMA passed a resolution in opposition of the proposed federal boundary change. Kristen Oliver attended the Federation Electoral Commission to share NOMA's concerns with proposed changes.

NOMA to send a letter to Lakehead University in support of the LU Veterinarian Program. A copy will be sent to all Clerks and CAO's and they are encouraged to also send letters of support.

There will be no increase to the 2023 NOMA membership levy. Invoices will be sent out in January.

The Executive Director to be enrolled in Leadership Thunder Bay running September 2023 to June 2024

NOMA 2023 Board meeting schedule: March 22, 2023, April 25, 2023, June 21, 2023, August 20, 2023 (in London), September 27, 2023, November 22, 2023.

Municipal Association/League Updates:

TBDML – Secured new ED, Nikita Cava. Their AGM will take place in March.

KDMA – Their AGM will take place in February

RRDMA – Their AGM will take place January 14th and will chose a new RRDMA President.

(TBDML, KDMA, and the city of Thunder Bay each have 1 elected official seat to elect to NOMA Board.

Executive Director Report:

- NOMA met with Ministers at AMO to discuss Railway, OMPF, Crown Land, and Public Health and EMS. We also participated in joint meeting with FONOM and NOSDA on mental health, addiction, and homelessness.
- ED has requested meeting with Minister Graydon Smith to discuss forestry priorities for the North.
- NOMA will be hosting our 2nd Learning Morning on December 7th 9-11am (EST) via zoom.
- NOHFC reassessed intern application and we are eligible to move to final phase.
- ED will put Strategic Plan live tracker on the NOMA website and update it regularly.
- There are updated funding, grants, mental health, and orange shirt day resources on the NOMA website under the resources link.
- ED has secured emails for over half of new elected officials. Once more are received the NOMA orientation package will be sent out.

Issue Tracker Updates:

NWMO: Next meeting is April 20, 2023, in Toronto

NOSM: Physician Recruitment: NOSM's inaugural ceremony is November 24th for new chancellor and Board of Governor's

The next NOMA Board meeting will take place on March 22, 2023, in Thunder Bay.

Please contact me at any time if you wish to discuss any NOMA matters.

Sincerely,

Andrea Strawson
Executive Director of NOMA

Learning Morning Agenda

December 7, 2022, 9:00am – 11:00am (EST) via Zoom

9:00am

NOHFC Funding Opportunities in the North

Presented by: Ian Pyke, Sean Irwin, and Ryan Lipcsei, Northern Development Advisors, Regional Economic Development Branch, Ministry of Northern Development

Summary:

Ian Pyke, Sean Irwin, and Ryan Lipcsei will provide an overview of the funding opportunities available through NOHFC and how they can aid your municipality to fund projects and economic development initiatives.

9:30 am

Economic Development Funding Opportunities with FedNor in Northwestern Ontario

Presented by: Jaquelyn Jones, Federal Economic Development Agency for Northern Ontario

Summary:

Jaquelyn Jones will provide an overview of funding programs available to municipalities through FedNor to help aid your economic development endeavours.

9:50 am

Health Break

10:00 am

Municipal Investments: Investing for the Future

Presented by: Judy Denzell, Director, AMO Enterprise Centre, Business Partnerships, LAS and ONE Investment

Summary:

Judy Denzell will give insights on how best to invest for the future plans of your municipality to help set you up for success.

10:30 am

Sustainable Northern Ontario Economic Development - 101

Presented by: Michael Atkins & Professor David Robinson

Summary:

An online course from Northern Policy Institute taught by professor, David Robinson, that will challenge how you think about regional economic development.

11:00 am

Learning Morning Concludes – We will have a 3rd learning morning end of May 2023

**The Corporation of the Township of Red Rock
Administrative Report**

Date: December 5th, 2022
To: Mayor and Council
Subject: CAO/Activity/Report
Submitted by: Mark Figliomeni – CAO/Clerk/Treasurer

BACKGROUND:

November 22nd, 2022 – December 5th, 2022

DISCUSSION:

This report is for information only and provides Council with an update on the activities within the office of the CAO/Clerk/Treasurer.

Please feel free to ask any questions that you may have and reach out at any time.

SUMMARY OF ACTIVITY:

- *Day to Day Operations- General Discussions / Stakeholders**
- *Bi-Weekly Internal Staff / Team Meetings / Discussions**
- *Meetings – Infrastructure Projects – Water / Sewer / Recreation Centre**
- *Meetings with Federal & Provincial Government – Waste Water Facility**
- *Community Emergency Management Committee Meeting (CEMC) 2022/11/22**
- *Attended NOMA (Northern Ontario Municipal Association) - Meeting – 2022/11/23**
- *Meeting with Municipal Property Assessment Corp. (MPAC) – 2022/11/24**
- *Thunder Bay District Social Service Administration Board (TBDSSAB) – (Attended Virtual Information Session) – 2022/11/30**

This is a summary of some of the activity within Administration & the Office of the CAO/Clerk/Treasurer. We continue to build and grow as a Team and as a Community that is striving to move forward. This is our major focus and ultimately part of our overall vision for Red Rock both now and in the future.

MONITORING SITUATIONS:

***Continue to set internal policies and procedures based on overall best practice within the Municipal Act.**

DIRECTION / DISCUSSION / UPDATES:

***Re-signed the lease agreement with Red Pebbles Café for the restaurant space at the recreation centre. Welcome back for another season to Lucie & Staff.**

Recreation Program Intern Report

42 Salls Street

Red Rock ON P0T 2P0
programming@redrocktownship.com
(807) 886-2245

December 5, 2022 Recreation Programmer Intern Activity Summary

1. Newsletter sent out to the surrounding schools about upcoming workshops.
2. Survey sent out to community members for input on programming ideas, Receiving lots of feedback from the community.
3. Gingerbread House workshop set for December 16, 2022.
4. Community bulletin board between Saunders and Dampier's updated with upcoming events. Scheduled to be doing a weekly update to the bulletin board.
5. Meeting with members of the community to get input on different programming ideas or programming that they would like to offer the community.
6. Youth bowling is set to start in the new year. Looking for volunteers to help scorekeep and help supervise children.
7. Connecting with other communities in the area to get ideas on what they are offering to their communities.
8. Working on adding a community calendar to our website.
9. Setting up workshops for the new year.
10. Attended the stepping stones workshop.
11. Attended the fish and game club meeting.
12. Attended the Bad art night at the Red Rock legion hosted by the Red Rock Public library.

Recreation Report – November/December 2022

There have been a number of things happening at the Recreation Centre throughout the month of November, and carrying on through December.

We have 14 teams with our bowling league this season. They bowl every Tuesday to Friday night from 7pm until 9pm. We have also had a number of people coming in for open bowling between 2pm and 6pm.

There have been numerous birthday parties held here through October, November and a few more booked for December. Some of these are bowling parties with cake and gifts afterward in the Teen Town Room, and others are gymnasium parties with the bouncy castles and then cake in the gym lounge.

Pickleball is up and running on Tuesday evenings in the gymnasium from 7pm to 9pm. They also play periodically on Wednesday afternoons from 2pm to 4pm when there are enough people to play.

Dog Obedience classes have begun as of November 23rd. The training classes run every Wednesday and Thursday evening from 7:30pm to 8:30pm in the gym. The classes are drop-in, with proof of dog's vaccinations required. These classes will run until the end of the season.

The Holiday Vendor Market will take place on Saturday, December 3rd at the Recreation Centre. There are 18 to 20 vendor tables for people to shop at from 1pm to 4pm. It will be set up throughout the lobby and the Teen Town room.

We currently have approximately 40 active memberships with our Fitness Centre.

Lucie has been busy in the restaurant most days. She will be having a turkey special on December 23rd from 4pm.

I am working with the VON Smart Program to run Senior's Fitness Classes in the New Year at the Recreation Centre. We will be having an Introductory Tea and Presentation for this program on Wednesday, December 14th at 11am. Seniors who are interested can attend the presentation to find out more information and to ask any questions they may have.

I will also hopefully be getting a regular adult fitness program going in the New Year, and I am currently working toward this.

234-2022-4624

October 25, 2022

Good afternoon,

On October 25, 2022, our government released More Homes Built Faster: Ontario's Housing Supply Action Plan 2022-2023 that proposes bold and transformative action to get 1.5 million homes built over the next 10 years.

Details about the range of measures in our plan can be found in the news release here.

The More Homes Built Faster Plan proposes policies and tools that reflect recommendations from the Housing Affordability Task Force Report and builds on More Homes, More Choice and the More Homes for Everyone Plan. Our plan also draws on many elements from AMO's 2022 A Blueprint for Action: An Integrated Approach to Address the Ontario Housing Crisis and ROMA's 2022 Task Force Report on Attainable Housing and Purpose-Built Rentals. These changes are providing a solid foundation to address Ontario's housing supply crisis over the long term and will be supplemented by continued action in the future.

Our government has also introduced the More Homes Built Faster Act, 2022, and is seeking feedback on the changes proposed under the legislation and associated regulations. Additionally, various housing and land use policy reviews – including a housing-focused policy review of A Place to Grow and the Provincial Policy Statement, with a theme of supporting rural and northern housing – are being undertaken to identify and remove barriers to getting more homes built. These and other related consultations can be found through the Environmental Registry of Ontario and the Ontario Regulatory Registry.

We encourage you share this information with senior staff in the municipality and to inform the newly elected head of council and council members. Our government is building a strong foundation for action that will continue to ensure Ontario is a prosperous and growing province – and the best place in the world to call home. We look forward to continued collaboration with our municipal partners to get more homes built faster.

Sincerely,

A handwritten signature in black ink that reads "Steve Clark".

Steve Clark
Minister

- c. The Honourable Michael Parsa, Associate Minister of Housing
Kate Manson-Smith, Deputy Minister
Ryan Amato, Chief of Staff, Minister's Office
Joshua Paul, Assistant Deputy Minister, Housing Division
Municipal Chief Administrative Officers

Bill 23 - More homes built faster Act – NOMA Analysis

It is critical that the legislation implemented is cognisant of the unique differences, challenges, and barriers to housing development in Northwestern Ontario vs Southern Ontario. It is not conclusive that this bill will result in increased housing supply in Northwestern Ontario. Many municipalities in the region are unable to significantly increase their housing supply without acquiring additional land within their municipal boundaries for development. Crown land represents 87% of the province, much of which resides in Northwestern Ontario. Municipalities are interested in pursuing crown land development within their municipal boundaries, with a particular interest in lakefront lots, to expand their property tax revenue and increase housing supply to meet demand and potentially attract more people to their communities to help contribute to the local economy. The government did meet with municipalities of interest early in the year to discuss this but there has not been recent progress on this topic. Acquiring additional land is critical to increasing housing supply in the North. We see this as a win-win as the province would generate revenue from the sale while municipalities would then expand their property tax base and build more homes. There is no mention of the potential sale of crown land in Bill 23 or taking an inventory of crown land within municipal boundaries that could be sold to municipalities to develop housing. However, Bill 23 proposes changes to the *Conservation Authorities Act* which will require conservation authorities to take an inventory of their land and identify areas that could be re-zoned to develop housing. This proposed amendment, and others like affordable housing units being exempt from parkland dedication requirements, to the *Conservation Authorities Act* and the *Planning Act* in Bill 23 are concerning, as they signal a move away from environmental protection at a time when climate change impacts are being felt more than ever, especially at the local level.

Municipalities in Northwestern Ontario do not experience significant delays issuing permits and developer fees are not a barrier to increasing housing supply. Municipal fees are important to help fund municipal infrastructure including roads. The cumulative impact of proposed changes to municipal fees and charges is significant and contrary to the widely accepted concept that growth should pay for growth. The burden of carrying costs associated with development should not be placed onto municipalities and existing taxpayers. If legislation is imposed that places additional burden on municipal revenues or additional administrative requirements, municipalities in our region will experience great difficulty to adhere to the changes.

Cost of materials, especially given the rate of inflation, and obtaining skilled workers to conduct the work in a timely manner are two major barriers for our region. Addressing these barriers would increase the ability to create affordable homes. This is not addressed in this Bill.

The Ministry of Natural Resources and Forestry is proposing an amendment to the *Conservation Authorities Act* to enable the Minister to direct a conservation authority to maintain its fees charged for programs and services at current levels. This would enable the Minister to issue temporary direction to a conservation authority preventing the authority from changing the amount of a fee it charges under subsection 21.2 (10) for its programs and services, including reviewing and commenting on planning and development related proposals, as well as for permits issued by conservation authorities. Not only could this change cause serious environmental implications, but it could also negatively impact municipalities and taxpayers as conservation authorities could increase municipal levy costs and other fees to recover costs lost through the freezing of fees.

They expect that there will be some minor administrative costs for conservation authorities and municipalities based on the time needed for staff in the short-term to learn about and understand the proposed legislative and regulatory changes. The proposed changes suggest that spending municipal reserves is the solution to making housing more affordable. This will seriously impact municipalities in the North that rely on their reserves to fund specific infrastructure projects and is fundamental to responsible asset management practices. If the municipality has reserves, they are likely allocated to infrastructure projects or future asset management.

Municipalities in the North have relatively fixed budgets with few options to expand their revenue without increasing property taxes. Continuously downloading costs onto municipal taxpayers is not the answer and in fact could encourage people to move out of our communities as property tax becomes more unaffordable. There are numerous proposed changes that will result in increased costs to municipalities, without any foreseeable plan as to how Northern and rural municipalities will recover these costs. Additionally, addressing the problem of housing supply and affordability will require adequate investment in the infrastructure necessary to support it. Whether intensification or building on new lands, it will not happen without the expansion of public infrastructure, which will require significant investments in the North.

Some proposed changes to the Ontario Land Tribunal (OLT) are concerning to municipalities in our region and they potentially increase time requirements for municipal staff. The proposed changes to increase transparency around the heritage designations and the process at the Ontario Land Tribunal (OLT) will require implementation by already under-resourced municipal staff. Considering the backlog already experienced by the OLT, it is probable that the proposed changes in the bill will result in further backlogs. An area that requires further explanation is Subsection 19 (1) amendment that expands the Tribunal's powers to dismiss a proceeding without a hearing, on the basis that the party who brought the proceeding has contributed to undue delay. This amendment must define what circumstances constitutes an undue delay.

The proposed plan included subsections that require zoning by-laws to be amended to conform with certain official plan policies within one year of the policies coming into effect. Additionally, subsections 22 (2.1) and (2.1.1) which prohibit requests for official plan amendments to be made within two years of a new official plan or secondary plan coming into effect would be amended to provide an exception to this prohibition for requests related to pits and quarries and a similar change is made in relation to the prohibition on applications to amend zoning by-laws in subsection 34 (10.0.0.1). This change would require additional administrative requirements to accomplish that would strain many municipalities in Northwestern Ontario, particularly small and rural municipalities in the region, some of which have only 1 administrative staff to perform all the duties of the municipality.

Addition notes for Board Meeting:

Ontario's development charges framework has been very effective since it was put in place in the 20th century. The legislation has resulted in the construction of millions of homes, generating billions in provincial and municipal taxes, and billions in industry profits. By any measure, it has been effective.

Its purpose has always been to balance public and private interests by ensuring growth pays for itself, thereby protecting the interests of current property taxpayers and future generations. The government's current proposal shifts that balance sharply, which jeopardizes the ability for municipalities to pay for core infrastructure. With the only alternative being increased property

taxes, the province and municipalities will need to work together to rebalance the scale through other means

Thunder Bay does not charge developer fees so this will not affect them. Kenora has a \$900 developer fee that over 5 years would be reduced to approximately \$500. Municipalities in region do not have significant developer fees. Therefore, will not affect us greatly.

“New subsection 25.2 (7) authorizes the Lieutenant Governor in Council to, by order, exempt the Crown, a ministry or a prescribed public body from having to comply with the heritage standards and guidelines in respect of a particular property, if the Lieutenant Governor in Council is of the opinion that such exemption could potentially advance one or more provincial priorities, as specified.”

To incent municipalities to acquire parks more quickly, municipalities would be required to allocate or spend at least 60 per cent of their parkland reserve balance at the start of each year.

Below was sent to NDP:

It is critical that the legislation implemented is cognisant of the unique differences, challenges, and barriers to housing development in Northwestern Ontario vs Southern Ontario. It is not conclusive that this bill will result in increased housing supply in Northwestern Ontario. Many municipalities in the region are unable to significantly increase their housing supply without acquiring additional land within their municipal boundaries for development. Crown land represents 87% of the province, much of which resides in Northwestern Ontario. Municipalities are interested in pursuing crown land development within their municipal boundaries, with a particular interest in lakefront lots, to expand their property tax revenue and increase housing supply to meet demand and potentially attract more people to their communities to help contribute to the local economy. The government did meet with municipalities of interest early in the year to discuss this but there has not been recent progress on this topic. Acquiring additional land is critical to increasing housing supply in the North. We see this as a win-win as the province would generate revenue from the sale while municipalities would then expand their property tax base and build more homes. There is no mention of the potential sale of crown land in Bill 23 or taking an inventory of crown land within municipal boundaries that could be sold to municipalities to develop housing. However, Bill 23 proposes changes to the *Conservation Authorities Act* which will require conservation authorities to take an inventory of their land and identify areas that could be re-zoned to develop housing. This proposed amendment, and others like affordable housing units being exempt from parkland dedication requirements, to the *Conservation Authorities Act* and the *Planning Act* in Bill 23 are concerning, as they signal a move away from environmental protection at a time when climate change impacts are being felt more than ever, especially at the local level. We understand there are additional complications with the sale of crown land to municipalities but if conservation authorities are taking an inventory of land to be re-zoned for housing development why not also look at crown land for the same purpose. There is some concern that this proposed legislation may download cost onto municipalities and taxpayers and ever effort and failsafe must be implemented to ensure that does not occur. Municipal budgets in the North are already strained and in order to build more homes, significant investments in public infrastructure will be required to services additional development. Therefore, municipalities in the North need to carefully budget their finances to accomplish this rather than face additional financial burdens. The proposed changes suggest that spending municipal reserves is the solution to making housing more affordable. This will seriously impact municipalities in the North that rely on their reserves to fund specific infrastructure projects and is fundamental to responsible asset

management practices. The government needs to address the critical shortage of skilled workers and the rising cost of materials due to inflation and supply issues to help increase housing supply in the North. There are some concerns that in order to implement this proposed legislation additional administrative time and effort will be required, which is not realistic for small and rural municipalities that sometimes function on a small staff with one individual filling the role of Clerk, treasurer, and CAO. There is also concern of the potential unintended consequences of the proposed changes to the Conservation Authorities Act including the freezing of conservation authority fees or forgoing eligible permits. This not only could have a serious environment implication it could also negatively impact municipalities and taxpayers as conservation authorities could increase municipal levy costs and other fees to recover costs lost through the freezing of fees. Municipalities in the North have relatively fixed budgets with few options to expand their revenue without increasing property taxes. Continuously downloading costs onto municipal taxpayers is not the answer every effort must be made to avoid this.

Unpacking Bill 23 – More Homes Built Faster Act, 2022

Policy Update • November 02, 2022

Earlier this week Bill 23 – More Homes Built Faster Act, 2022 passed Second Reading and was referred to the Standing Committee on Heritage, Infrastructure and Cultural Policy. AMO has requested to present at Committee and will submit written comments by the November 17 deadline.

Bill 23 is proceeding quickly through the legislature, which means it is likely to pass before many municipal Councils have been sworn in, and before the AMO Board can prepare a response. Given these tight timelines, AMO's responses to the legislation and regulatory and environmental registry postings associated with it will be informed by our AMO Housing Blueprint and other recent work.

Bill 23 and the province's new More Homes Built Faster Plan, as proposed, will have economic, social, and environmental implications that cannot be ignored. That is why AMO is releasing a preliminary analysis as it continues to work through the complex policy changes. It focuses on the following Schedules:

- Schedule 2 – *Conservation Authorities Act*
- Schedule 3 – *Development Charges Act, 1997*
- Schedule 4 – *Municipal Act, 2001*
- Schedule 6 – *Ontario Heritage Act*
- Schedule 7 – *Ontario Land Tribunal Act, 2021*
- Schedule 9 – *Planning Act*.

Examples below are intended to illustrate AMO's early thoughts on how to approach an overarching response to Bill 23 and its related consultations. It is not intended to be exhaustive or inclusive of all proposed provisions.

Bill 23 proposes numerous changes to the *Development Charges Act* and *Planning Act* that, if passed, will significantly impact how municipal governments recover the costs associated with growth.

For example, Bill 23 proposes to exempt developers who build affordable, inclusionary zoning and select attainable housing units from paying development charges, parkland dedication fees, and community benefit charges. The bill also includes several additional changes, including reductions in costs associated with rental residential construction and changes to the method for determining development charges, amongst others.

The cumulative impact of proposed changes to municipal fees and charges is significant and contrary to the widely accepted concept that growth should pay for growth.

While AMO would like to support the province's housing objectives, it cannot support changes that largely place the burden of carrying the costs associated with development onto municipalities. AMO believes that the proposed changes may contradict the goal of building more housing in the long-term as it merely shifts the financial burden of growth-related infrastructure onto existing taxpayers.

Yesterday the AMO President sent a [letter](#) to the Honourable Peter Bethlenfalvy, Minister of Finance, urging the province to address the funding shortfall associated with changes proposed under Bill 23. The province is expected to release its Fall Economic Statement on November 14.

While some of the proposed amendments to the *Planning Act*, *Heritage Act*, *Ontario Land Tribunal Act*, and the *Conservation Authorities Act* have merit, it is unclear how these changes will improve a community's livability (i.e., connected to core infrastructure in an integrated and coordinated way).

AMO understands the desire to reduce barriers to planning and development approvals so that housing can be built faster. That is why many municipalities have made investments to streamline and digitize their processes and are working to improve processes in response to Bill 109.

The proposed changes to increase transparency around the heritage designations and the process at the Ontario Land Tribunal (OLT) will require implementation by already under-resourced municipal staff. The OLT also needs to be properly resourced to eliminate the existing backlog. AMO will be looking for more clarity around what constitutes an "undue delay," and the policy intent behind having a municipality use property tax dollars to pay the successful party's cost if its case is unsuccessful at the OLT.

A broader issue, however, is understanding what the implications are of the reduced role in land use planning proposed for some upper-tier municipalities and conservation authorities. The

proposal that an upper-tier municipality could provide advice and assistance to lower-tier municipalities if there is mutual agreement is appreciated, however, the proposals (particularly in Schedule 9) could have the unintended consequence of having local planning disconnected from the servicing requirements that many upper-tier municipalities are responsible for managing and funding.

Many of the proposed amendments to the *Conservation Authorities Act* and the *Planning Act* in Bill 23 are concerning, as they signal a move away from environmental protection at a time when climate change impacts are being felt more at the local level.

Bill 23 proposes sweeping changes to the regulatory responsibilities of Ontario's 36 conservation authorities that, if passed, will undermine the collaborative and productive changes put forward by the Ministry led Conservation Authority Working Group over the past two years.

The proposals under Schedule 2 have raised confusion around how these changes will impact the *Conservation Authorities Act* regulations that recently came into effect. AMO is seeking further clarification to understand how these amendments will impact municipal budgets and environmental outcomes. At first glance, they seem to result in negative consequences (i.e., increased flooding, liability), at a time when the impacts of climate change are increasingly prevalent.

Another emerging area of concern is the proposal to allow pits and quarries to request official plan amendments within two years of a new official plan or secondary plan coming into effect. Finally, there are numerous environmental implications associated with the use of more land and the proposed reduction in revenues to build parkland.

Next Steps

AMO continues to work with provincial ministries to understand the proposed changes under Bill 23. In the meantime, AMO is meeting with stakeholders and our Task Forces to inform our Standing Committee submission and our responses to the relevant consultation postings. A [list of regulatory and environmental registry postings](#) has been created to show what should be prioritized.

We recognize that this is a challenging time for AMO members to provide feedback due to the recent municipal elections. If your municipality is providing comments and would like to share them with AMO, please contact policy@amo.on.ca. We will continue to provide further updates to members as the Bill and consultations progress.

More Homes Built Faster Act, 2022

November 28, 2022

Municipal Affairs and Housing

The Ontario government's legislation to support the province's newest Housing Supply Action Plan, More Homes Built Faster, has been given Royal Assent. This plan is part of a long-term strategy to help build more homes and make life more affordable for Ontario families.

Initiatives in the plan include:

Addressing the Missing Middle

Building on a number of as-of-right residential tools which Ontario provided municipalities with since 2019, the government is changing the *Planning Act* to create a new provincewide standard threshold for what's allowed to be built by strengthening the additional residential unit framework. With the More Homes Built Faster plan, up to three residential units are permitted "as of right" on most land zoned for one home in residential areas without needing a municipal by-law amendment. Depending on the property in question, these three units could all be within the existing residential structure or could take the form of a residence with an in-law or basement suite and a laneway or garden home. These new units must be compliant with the building code and municipal by-laws. These units would also be exempt from development charges and parkland dedication fees.

Building More Homes Near Transit

Ontario has taken action to ensure that complete, sustainable communities are built near and centred around our historic investments in provincewide transit expansion. Changes to the *Planning Act* will help move towards "as-of-right" zoning to meet planned minimum density targets near major transit stations, reducing approval timelines and getting shovels in the ground faster. Once the key development policies for major transit stations are approved, municipalities will be required to update their zoning by-laws within one year to meet minimum density targets.

Supporting the Growth and Standardization of Affordable and Rental Housing

Ontario is creating the conditions for building more affordable and purpose-built rental housing across the province. This legislation supports regulatory changes to provide certainty regarding inclusionary zoning rules, with a maximum 25-year affordability period, a five per cent cap on the number of inclusionary zoning units, and a standardized approach to determining the price or rent of an affordable unit under an inclusionary zoning program.

Ontario is also taking action to help streamline the construction and revitalization of our aging rental housing stock, which in some cases is many decades old, grossly energy inefficient, and decrepit. As it stands, under the *Municipal Act* and *City of Toronto Act*, municipalities may enact bylaws to prohibit and regulate the demolition or conversion of multi-unit residential rental properties of six units or more. These by-laws vary among municipalities and can include requirements that may limit access to housing or pose as barriers to creating housing supply. Ontario is reviewing feedback received through a consultation on potential regulations to enable greater standardization of these municipal by-laws, while ensuring that renter protections and landlord accountabilities remain in place.

Freezing, Reducing and Exempting fees for Building Attainable, Affordable and Non-Profit Housing

Government charges and fees significantly impact the cost of housing—adding up to \$250,000 to the overall cost of building a home. That is why Ontario changed the *Planning Act*, the *Development Charges Act* and the *Conservation Authorities Act* to freeze, reduce and exempt fees, spur the supply of new home construction and help address Ontario's housing supply crisis. This includes ensuring affordable and inclusionary zoning units, select attainable housing units, and non-profit housing developments are exempt from municipal development charges, parkland dedication levies and community benefits charges. Rental construction has reduced development charges of up to 25 per cent, and conservation authority fees for development permits and proposals are temporarily frozen. Ontario is also undertaking a review of fees levied by provincial ministries and agencies to determine what impact they may have on the cost of housing.

Streamlining Bureaucratic Processes to Get More Homes Built Faster

Changes to the *Planning Act* removed site plan control requirements for most projects with fewer than 10 residential units (with limited exceptions). This will reduce the number of required approvals for small housing projects, speeding things up for all housing proposals, while building permits and robust building and fire code requirements continue to protect public safety.

Streamlining changes also include focusing responsibility for land use policies and approvals in certain lower-tier municipalities to eliminate the time and costs associated with planning processes by upper-tier municipalities. This will give the local community more influence over decisions that impact them directly, clarify responsibilities and improve the efficiency of government services for citizens.

Improving the Ontario Land Tribunal to Support Building More Homes Faster

The Ontario Land Tribunal is a critical part of Ontario's land use planning system. Legislative changes to the *Ontario Land Tribunal Act* will help speed up proceedings, resolve cases more efficiently and streamline processes. This includes by allowing for regulations to prioritize cases that meet certain criteria (for example, that create the most housing), as well as to establish service standards (i.e., timelines for completing specific stages of a case). Changes will also clarify the tribunal's powers to dismiss appeals due to unreasonable party delay or party failure to comply with a tribunal order, as well as clarify the tribunal's powers to order an unsuccessful party to pay the successful party's costs. Building on the additional \$14.7 million funding over three years announced in the Budget, Ontario is further investing \$2.5 million for more resources at the tribunal to support faster dispute resolution and to help reduce the overall caseload.

Creating a New Attainable Housing Program

Ontario is creating a new program to support the dream of homeownership for more Ontarians. The new program will leverage a range of tools, including surplus or underutilized provincial lands and commercial innovation and partnerships to help rapidly build attainable homes in mixed-income communities that are more accessible and could help families to build equity.

Protecting Ontario Homebuyers from Unethical Developers

Ontario is further strengthening consumer protections for new home buyers by doubling maximum fines for unethical builders and vendors of new homes that contravene the *New Home Construction Licensing Act, 2017* including unfairly cancelling projects or terminating purchase agreements. These changes under the *New Home Construction Licensing Act, 2017* will increase existing maximum financial penalties from \$25,000 to \$50,000 per infraction, with no limit to additional monetary benefit penalties, and be retroactively imposed for contraventions that occurred on or after April 14, 2022. These changes will also enable the Home Construction Regulatory Authority to use funds from these penalties to provide

money back to adversely affected consumers, making Ontario the first jurisdiction in Canada to provide such funds to consumers. These amendments will come into force in early 2023.

Taking Action to Crack Down on Land Speculation

In January, during the Ontario-Municipal Housing Summit, Ontario's mayors expressed concerns that lands planned for residential development are sitting empty because home builders are taking too long to complete their planning applications, delaying the creation of new homes. To further investigate these concerns, Ontario will work with industry partners to consult on the issue of land speculation as a detriment to the housing supply goals of the government, and whether potential regulatory changes under the *New Home Construction Licensing Act*, are needed to address the issue.

Improving Ontario's Heritage and Growth Planning

Changes to the *Ontario Heritage Act* will renew and update Ontario's heritage policies, strengthen the criteria for heritage designation and update guidelines. These changes continue to support the conservation of heritage properties that are important to Ontarians, while providing clarity and flexibility to ensure critical housing and other priority projects can move forward in a timely manner.

Ontario is consulting on how it manages natural heritage, including improving the management of wetlands, while supporting sustainable growth and development. Ontario is seeking input on integrating A Place to Grow: Growth Plan for the Greater Golden Horseshoe and the Provincial Policy Statement into a single, provincewide planning policy document. This review also includes a consultation on how to speed up housing development and increase housing supply (including rural housing) through a more streamlined, provincewide land use planning policy framework, while continuing to protect the environment, cultural heritage and public health and safety.

Calling for Federal Action on GST/HST

Ontario is calling on the federal government to come to the table and work with us on potential GST/HST incentives to support the building of more homes. This could take the form of rebates, exemptions or deferrals of GST/HST to support both new ownership housing development and new rental housing development. All levels of government need to work together to get more homes built and address the housing crisis.

Promoting Fairness to Support Affordable and Other Rental Housing

Currently, property tax assessments for affordable rental housing are established using the same basis as regular market rental properties. Ontario will explore potential refinements to the assessment methodology used to assess affordable rental housing so that it better reflects the reduced rents that are received by these housing providers. In addition, Ontario will consult with municipalities on potential approaches to reduce the current property tax burden on multi-residential apartment buildings in the province.

Helping Homebuyers and Renters: Addressing Vacant Homes

This winter, there will also be a consultation on a policy framework setting out the key elements of local vacant home taxes. Right now, only a handful of municipalities have the authority to charge this tax on unoccupied residential units to incentivize owners to sell or rent them out. A provincial-municipal working group will be established to consult on this framework, and to facilitate sharing information and best practices.

Strengthening the Non-Resident Speculation Tax

Ontario now has the highest and most comprehensive Non-Resident Speculation Tax (NRST) in the country, set at 25 per cent and applied provincewide. This initiative is meant to further discourage foreign speculation in Ontario's housing market.

Sustainable Building Practices

In response to public and stakeholder input, the government intends to make future changes to the Building Code to allow municipalities to require certain green standards to promote energy-efficient buildings.

NEWS RELEASE

Ontario Moving Forward with Bold Action to Address the Housing Crisis

Legislation that supports plan to build 1.5 million homes receives Royal Assent

November 28, 2022

Municipal Affairs and Housing

TORONTO — Today, the *More Homes Built Faster Act* was given Royal Assent, supporting the government's efforts to tackle the housing supply crisis and get 1.5 million homes built over the next 10 years. More Homes Built Faster removes unnecessary costs and cuts through red tape and other bottlenecks that stand in the way of new homes being built.

"More Homes Built Faster helps fulfill our government's promise to help more Ontarians find a home that meets their needs and budget," said Steve Clark, Minister of Municipal Affairs and Housing. "I am proud of the action this plan takes to increase the supply of housing of all types and restore the dream of homeownership for a generation of Ontarians."

Key actions in the plan include:

- Freezing and reducing government fees to support the construction of new homes and reduce the costs of housing, particularly affordable and not-for-profit housing, inclusionary zoning units and purpose-built rentals.
- Creating a new attainable housing program to drive the development of housing across all regions of Ontario.
- Increased the Non-Resident Speculation Tax rate to 25 per cent – the highest level in Canada – effective October 25, 2022, to deter non-resident investors from speculating on the province's housing market.
- Protecting new home buyers by increasing consumer protection measures and consulting on ways to help more renters become homeowners.

The plan also supports the development of "gentle density," which will create more rental housing while minimizing the impact on existing neighbourhoods. These changes will give most urban residential property owners the right to build up to three units on their land – including a basement apartment or a laneway home – without lengthy planning approvals or development charges.

“Too many Ontario families are chasing too few homes that meet their needs. The bold changes passed today are laying the foundation for those currently trying to find a home that is right for them, and for generations to come,” said Michael Parsa, Associate Minister of Housing.

Quick Facts

- Ontario is expected to grow by more than two million people by 2031, with approximately 1.5 million of those new residents expected to settle in the Greater Golden Horseshoe Region.
 - Ontario’s first housing plan, [More Homes, More Choice](#) was released in 2019. It was followed by [More Homes for Everyone](#) in spring 2022. Ontario is seeing [strong progress](#) resulting from these plans, with annual housing starts well above average for the past 30 years.
 - In fall 2022, the government passed the [Strong Mayors, Building Homes Act](#) and introduced the [Better Municipal Governance Act](#) which gives the mayors of Toronto and Ottawa more powers to work effectively with the province to move forward on shared provincial-municipal priorities, including building 1.5 million new homes over the next 10 years.
 - Ontario has asked the 29 of the province’s largest and fastest-growing municipalities to pledge to address the housing gap over the next 10 years. These pledges are in addition to existing, longer-term targets in municipal land use plans and will help kick start development by highlighting the need for municipal infrastructure, like roads and sewers.
 - The government strengthened the [More Homes Built Faster Act](#) and listened to feedback to allow municipalities to address green standards.

THE CORPORATION OF THE TOWNSHIP OF RED ROCK

BY-LAW 2022-1302

BEING A BY-LAW TO FORMULATE AN EMERGENCY MANAGEMENT PROGRAM

WHEREAS the Province of Ontario has passed the Emergency Management and Civil Protection Act, R.S.O. 1990, c. E.9, as amended;

AND WHEREAS Section 2.1(1) of the Act requires that every municipality shall develop and implement an Emergency Management Program and the Council of the municipality shall, by by-law, adopt the Emergency Management Program;

AND WHEREAS Section 3(1) of the Act requires that every municipality shall formulate an Emergency Response Plan, outlining the provision of necessary services during an emergency, the procedures related thereto, and the manner in which employees of the municipality and other persons will respond to the emergency, and the Council of the municipality shall by by-law adopt the Emergency Response Plan;

AND WHEREAS Section 4(1) of the Act makes provision for the Head of Council of a municipality to declare that an emergency exists in the municipality, or any part thereof, and may take such action and make such orders as he or she considers necessary, and are not contrary to law, to implement the Emergency Response Plan of the municipality in order to protect the property, health, safety and welfare of the inhabitants of the emergency area;

AND WHEREAS Section 9(c) of the Act provides for the designation of one or more members of Council who may exercise the powers and perform the duties of the Head of Council under this Act during the absence of the Head of Council or during his or her inability to act.

NOW THEREFORE, the Council of the Corporation of the Township of Red Rock ENACTS AS FOLLOWS:

- 1) That Council approve the development, implementation, maintenance, testing and review of an Emergency Management Program in accordance with the standards published by the Office of the Fire Marshal and Emergency Management, and such program shall include:
 - a) An Emergency Response Plan;
 - b) The Emergency Management Program Committee and the Emergency Management Control Group shall be chaired by the Community Emergency

Management Coordinator (CEMC), and shall include the Chief Administrative Officer (CAO), Public Works Superintendent and the Fire Chief.

- c) Where an emergency has been declared, alternates may be appointed by the Mayor, CEMC or CAO depending on the availability of personnel.
 - d) Training programs and exercises for employees of the municipality and other persons with respect to the provisions of necessary services and procedures to be followed;
 - e) Ongoing public education on the risks to public safety with an emphasis on emergency preparedness;
 - f) The completion of a Hazardous Identification Risk Assessment (HIRA) and an annual review thereof;
 - g) Completion of a Critical Infrastructure Listing, noting key infrastructure required to maintain a continuity of operations within the municipality, and an annual review thereof;
 - h) An Emergency Operations Centre, to be used by the municipal emergency control group in an emergency;
 - i) Designation of an Emergency Information Officer (EIO) who shall prepare and disseminate emergency information messages after review from the Mayor. The EIO is the primary media and public contact for the municipality in an emergency. This position shall be filled by the Municipal Secretary.
 - j) Annual review, maintenance and enhancement of the Emergency Management Program and updating of all resource and contact listings;
 - k) Other activities as required by the Office of the Fire Marshal and Emergency Management to meet the requirements of the Act, and any regulations, policies and procedures related thereto.
- 2) That the Emergency Response Plan, attached hereto as Schedule "A" of this By-Law, is hereby adopted.
 - 3) That where required by law, and for personal privacy and protection, certain personal information and resources identified in the Emergency Response Plan are not to be made public.
 - 4) That Council authorizes the Community Emergency Management Coordinator, or his or her alternate, to make administrative changes to the Emergency Response Plan including personnel changes, organizational changes, contact information, phone numbers and other administrative matters.

Read a first and second time
this 5th day of December, 2022.

Read a third time and finally passed
this 5th day of December, 2022.

Mayor

Chief Administrative Officer/Clerk

MUNICIPAL EMERGENCY MANAGEMENT PROGRAM:

EMERGENCY RESPONSE PLAN

The Corporation of the Township of Red Rock

FOREWORD

Emergencies are defined as situations or the threat of impending situations abnormally affecting the health, safety, welfare or property of the community, which by their nature or magnitude require a controlled and coordinated response by all agencies. These are distinct from routine operations carried out by municipal agencies, e.g. fire, police, or roads departments, etc.

The *Emergency Management and Civil Protection Act* is the authority for the by-law formulating this municipal emergency response plan. This plan prescribes procedures for and the manner in which municipal employees and other persons will respond to an emergency.

The *Emergency Management and Civil Protection Act* states "The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area." Accordingly, it is clear that the principal function of the Municipal Emergency Control Group (MECG), if assembled, is to assist the Head of Council in making and placing in effect any decisions and orders that are made to control and mitigate the effects of an emergency.

All members of Council, MECG, and members of responding agencies should read the plan, know where their copy is kept and be familiar with their duties in the event of an emergency.

In addition to this Emergency Plan, each responding department/agency may also have its own emergency plan or standard operating procedures, call-out and resource list.

AIM

The aim of this Plan is to make provision for the extraordinary arrangements and measures that may have to be taken to protect the health, safety, welfare, environment and economic health of the residents, businesses and visitors of the Township of Red Rock when faced with an emergency.

It enables a centralized, controlled and coordinated response to emergencies in the Township of Red Rock, and meets the legislated requirements of the *Emergency Management and Civil Protection Act*.

The Township of Red Rock emergency response plan reflects an enhanced level approach to Emergency Management as defined by *Emergency Management and Civil Protection Act* and incorporates subordinate plans as annexes, which provide detailed response procedures for the most likely hazards, which confront the Community. These hazards have been determined through the conduct of an in-depth Hazard Identification and Risk Assessment (HIRA) by the Township of Red Rock Emergency Management Program Committee (EMPC).

AUTHORITY

The *Emergency Management and Civil Protection Act, R.S.O. 1990*, Chapter E.9, is the legal authority for this Emergency Response Plan in Ontario.

The *Emergency Management and Civil Protection Act* states that the:

“The head of council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area.”

As enabled by the *Emergency Management and Civil Protection Act*, this Emergency Response Plan and its' elements have been:

- Issued by under the authority of the Township of Red Rock By-Law No. _____; and
- Filed with the Emergency Management Ontario (EMO), Ministry of Community Safety and Correctional Services (MCSCS).

1. Definition of an Emergency

The *Emergency Management and Civil Protection Act* defines an emergency as:

“An Emergency means a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise.”

The Emergency Operations Centre (EOC) can be activated for any emergency for the purposes of managing an emergency, by maintaining services to the community and supporting the emergency site.

2. Action Prior to Declaration

When an emergency exists but has not yet been declared to exist, community employees may take such action(s) under this Municipal Emergency Response Plan (MERP) as may be required to protect property and the health, safety and welfare of the Township of Red Rock. The EOC may be activated for any emergency for the purposes of managing the emergency by maintaining services to the community and supporting the emergency response.

3. Requests for Outside Assistance

The Township of Red Rock may request the assistance of the Province of Ontario at any time by contacting EMO. The request shall NOT be deemed to be a request that the Province assume authority and control of the emergency.

4. Freedom of Information and Protection of Privacy

Any personal information collected under the authority of this Plan shall be used solely for the purpose of planning, preparing and conducting response to emergencies as defined in the *Emergency Management and Civil Protection Act*, and the release of information under this Plan shall be made in conformity with the *Municipal Freedom of Information and Protection of Privacy Act*.

COMMUNITY SUMMARY

The Township of Red Rock has a population of approximately 895 and is located on TransCanada Highway 11/17 continuing up to the south end of Highway 628 approximately 113 km East of the City of Thunder Bay and 36 km East of Dorion/Hurkett and 20 km West of Nipigon.

- The Township has a volunteer Fire Service and is policed by the Ontario Provincial Police (OPP).
- Emergency Medical services (land ambulance) are provided by Superior North EMS.
- The CPR's TransCanada railway line traverses Highway 628 dividing the Township's Rural Residential Properties and Residential Properties.
- Red Rock has 911 enhanced service.

The most probable emergencies to affect the Township are listed in the HIRA (Hazard Identification and Risk Analysis) which is attached as Supporting Document "B".

Red Rock's Critical Infrastructure is listed as Supporting Document "C".

Ontario Power Generation (OPG) has an Alexander Generating Station Safety and Emergency Preparedness and Response Plan. A copy of this plan is to be kept in the EOC.

This plan has additional Supporting Documents to deal with a

- Hydro outage (Supporting document "D");
- Telecommunications outage (Supporting Document "E"); and
- A designated Emergency Refueling Site ("Supporting Document "F").

If the evacuation of the population of the municipality were necessary, the primary reception municipality would be the CITY OF THUNDER BAY with the alternate being the Township of Schreiber and the Township of Terrace Bay.

- The evacuation routes are:
 - Highway 11/17 west to Thunder Bay
 - Highway 11/17 east to Schreiber and Terrace Bay

In the event that only the small portion of Red Rock is ordered evacuated, reception centres in the safe areas of the Township of Red Rock and Township of Nipigon will be utilized.

EMERGENCY MANAGEMENT PROGRAM COMMITTEE (EMPC)

1. Every municipality shall have an emergency management program committee. *O. Reg. 380/04, s. 11 (1).*

The Committee

2. The committee shall be composed of:
 - (a) The municipality's CEMCs;
 - (b) A senior municipal official appointed by the council;
 - (c) Such members of the council, as may be appointed by the council;
 - (d) Such municipal employees who are responsible for emergency management functions, as may be appointed by the council; and
 - (e) Such other persons as may be appointed by the council. *O. Reg. 380/04, s. 11 (2).*
3. The persons appointed under clause (2) (e) may only be,
 - (f) officials or employees of any level of government who are involved in emergency management;
 - (g) representatives of organizations outside government who are involved in emergency management; or
 - (h) persons representing industries that may be involved in emergency management. *O.Reg. 380/04, s. 11 (3).*
4. The council shall appoint one of the members of the committee to be the chair of the committee. *O. Reg. 380/04, s. 11 (4).*
5. The committee shall advise the council on the development and implementation of the municipality's EMP. *O. Reg. 380/04, s. 11 (5).*
6. The Township of Red Rock EMPC is comprised of the
 - Mayor; Chair
 - Chief Administrative Officer/Clerk/CEMC,
 - Fire Chief,
 - Director of Operations,
 - Public Works Leadhand,
 - Accountant/Deputy Clerk

The municipal EMPC's main responsibility is to oversee the development, implementation, and maintenance of the municipal EMP, including the municipal emergency response plan, public education program, training, and exercises. The committee is also accountable for the annual review of the municipality's EMP.

ANNUAL REVIEW AND MAINTENANCE

Under Section 3. (6) of the *Emergency Management and Civil Protection Act* Every municipality shall review and, if necessary, revise its emergency plan every year. EMCPA 2002, c. 14, s. 5 (3), and

The committee shall conduct an annual review of the municipality's emergency management program and shall make recommendations to the council for its revision if necessary. *O. Reg. 380/04, s. 11 (6)*

The Red Rock MERP was updated in 2021. It is essential that it be kept current and viable by following a regular maintenance schedule. The municipality's EMPC shall conduct an annual review of the municipal EMP/MERP. The Committee will insure that all mandatory activities have been conducted, determine any unmet needs, and to outline program activities and initiatives for the coming year. This includes a review of the MERP and also a review of the required annual exercise. The Committee shall make recommendations to the Council for any revision, if necessary, to the EMP or any specific parts of therein.

The responsibility of the Plan being kept up-to-date ultimately rests with the Community Emergency Management Coordinator (CEMC), who may delegate tasks accordingly. The emergency contact information and telephone numbers shall be reviewed on a regular but at a minimum, annual basis.

The notification system will be tested annually. The Plan will be exercised once every year as a minimum requirement. The Municipal Emergency Control Group (MECG) and its support staff will receive training and participate in an exercise once every year as a minimum requirement.

The CEMC in conjunction with the EMPC will determine the schedule under which the maintenance activities will be performed.

The CEMC may make minor administrative changes to the plan and its Appendices on an as required basis. Any major changes to the plan must go back to Council for approval.

ANNUAL PRACTICE EXERCISES

Under Section 3. (5) of the *EMCPA*, every municipality shall conduct training programs and exercises to ensure the readiness of employees of the municipality and other persons to act under the emergency plan.

The Municipal Emergency Control Group shall conduct an annual practice exercise for a simulated emergency incident in order to evaluate the municipality's emergency response plan and its own procedures. *O. Reg. 380/04, s. 12 (6)*

The following MERP holders should be invited to any such annual practice exercise as applicable:

- Mayor and Council
- Police Chief
- Superior North EMS Representative
- Ministry of Natural Resources
- Thunder Bay District Health Unit,
- Principals or representatives of local schools:
 - Superior Greenstone District School Board
 - Nip-Rock High School
 - Learning Centre
 - Superior North Catholic District School Board
 - St. Hilary's School

COMMUNITY EMERGENCY MANAGEMENT COORDINATOR (CEMC)

(also referred to as "emergency management program co-ordinator")

10. (1) *Every municipality shall designate an employee of the municipality or a member of the council as its emergency management program co-ordinator. O.Reg. 380/04, s. 10 (1)*
- (2) *The emergency management program co-ordinator shall complete the training that is required by the Chief, Emergency Management Ontario. O.Reg. 380/04, s. 10 (2)*
- (3) *The emergency management program co-ordinator shall co-ordinate the development and implementation of the municipality's emergency management program within the municipality and shall co-ordinate the municipality's emergency management program in so far as possible with the emergency management programs of other municipalities, of ministries of the Ontario government and of organizations outside government that are involved in emergency management. O.Reg. 380/04, s. 10 (3)*
- (4) *The emergency management program co-ordinator shall report to the municipality's emergency management program committee on his or her work under subsection (3). O.Reg. 380/04, s. 10 (4)*

The CEMC is responsible and accountable for coordinating the development and implementation of the municipality's EMP in accordance with the standards set out in the EMCPA and Ontario Regulation 380/04.

Other roles of the CEMC include:

- Coordinate local EMPs with other municipalities, ministries or other organizations
- Ensure the municipality's annual compliance with the EMCPA and associated regulations
- Serve as the primary contact during actual or impending emergencies as well as for routine communications

Red Rock's CEMC's currently are:

Primary CEMC

- Mark Figliomeni, CAO/Clerk/Treasurer

Alternate CEMC's

- Samantha Cameron, Deputy Clerk

Form 4-1 is the document that must be completed and submitted by the municipality for each appointed primary and alternate CEMC. It is attached at the end of this plan.

MUNICIPAL EMERGENCY CONTROL GROUP (MECG)

(casually referred to as the Community Control Group)

Every municipality shall have a municipal emergency control group composed of,

a) such officials or employees of the municipality as may be appointed by the council; and such members of council as may be appointed by the council. All emergency operations shall be directed and controlled by the MECG who will assemble at the Emergency Operations Center (EOC). The MECG shall be comprised of the following persons:

Mayor

Chief Administrative
Officer/Clerk/C.E.M.C

Fire Chief

Director Of Operations

Public Works Lead Hand

Alternate CEMC
/Deputy Clerk

Public Information Officer
/Municipal Secretary

Note: All members of the MECG must be notified when the plan is activated. Not all of the MECG members have to be present for the MECG to function. Additional personnel may be requested to assist the MECG (scribes, administrative assistants, runners etc.)

IMPLEMENTATION OF PLAN

ANY MEMBER of the MECG, upon realizing the magnitude of an emergency or impending emergency warrants the plan's implementation, may do so.

- It is the responsibility of the first responding municipal agency at the scene of an emergency to assess the situation and to recommend whether this plan should be implemented.
- If the size or seriousness of the emergency appears beyond the capability or responsibilities of that agency, the plan shall be put into effect.
- Once the emergency exists, municipal employees may take such action(s) under this emergency plan as required to protect lives and property of the community even though an emergency has not been declared under the *Act*.

ALERTING THE MECG

On receipt of instructions from a member of the MECG, the **CAO/CLERK (or designate)** will call out the MECG. All members of the MECG will be called (or their designate if the MECG member cannot be contacted). In the event telephone service is out, the MECG will be notified through the most effective means. Whichever member of the group gives the call-out instruction will decide if this is to be a call-out or standby. Ensure the instructions are explicit.

Instructions will include:

1. This is an emergency call-out. Please attend the **EOC** at _____

OR

2. This is an emergency standby call only. Please remain by your telephone until further notice (etc.). The standby call may also be made by one of the MECG members who could supply more information.

Should the magnitude of an emergency be so extensive that communications are disrupted, and it is apparent to the MECG members that a disaster has occurred, they are to proceed to the EOC immediately.

- The Primary Emergency Operations Centre is the RED ROCK MUNICIPAL OFFICE (42 Salls St.)
- The Secondary Emergency Operations Centre is the RED ROCK RECREATION CENTRE (39 Brompton Rd.)

The primary EOC is:

Red Rock Municipal Office
42 Salls St.
Red Rock, ON
(807) 886-2245

The secondary EOC is:
Red Rock Recreation Centre
39 Brompton Rd.
Red Rock, ON
(807) 886-2284

MECG DUTIES

1. Appoint a site manager
2. Take such action as is necessary to minimize the effects of an emergency or disaster on the municipality or its inhabitants.
3. Direct, co-ordinate and supply administrative and logistic support to all municipal departments and volunteer organizations in controlling the emergency or disaster.
4. Be prepared to authorize the expenditure of municipal funds which are required for the preservation of life and health.
5. Establish an information center for issuance of accurate releases to the news media and for issuance of authoritative instructions to the general public.
6. Take initiative on any action required which isn't covered in the emergency plan.
7. Share information on the emergency and important action taken by you and your agency with other members of the MECG via a written flip chart type of device and retain the pages for record purposes.
8. The responsibilities of the MECG and these described for individual MECG members and responding agencies will vary depending on the type and magnitude of the event.
9. Be aware that communications usually are the first thing to break down in an emergency. Ensure the MECG communicate well within the group, to/from their department/agency, use maps when applicable or any other means to assist in sharing of information.
10. Members of the MECG will gather at regular intervals of business cycles to inform each other of actions taken and problems encountered. Frequency of meetings and agenda items will be established by the CAO/Clerk in consultation with the Mayor and CEMC. Meetings will be kept as brief as possible to allow members to carry out their individual responsibilities.
11. Ensure all personnel have been accounted for and advised of the termination of the emergency in order that no workers are left behind. Each agency should have a list of its personnel working during the emergency and use it as a "check-off list" at the termination of the emergency.
12. Individually maintain a log of all action taken.

MAYOR'S DUTIES

1. Act as Chair to the MCEG
2. Consult with members of the MCEG and decide if a state of emergency should be declared.
3. Declare an emergency under the *Emergency Management and Civil Protection Act*, if warranted.
4. Order an evacuation of people in the danger zone from a potentially life-threatening/health situation, if warranted and in consultation with applicable experts in the MCEG
5. Ensure EMO has been notified by fax of the declaration of an "Emergency" via the Provincial EOC (PEOC).
6. Approve news and public announcements.
7. Request assistance from neighbouring municipalities for evacuation and reception centers, if applicable.
8. Update Council on the emergency as required.
9. If an "Emergency has been declared, terminate the "emergency" at the end of the situation and ensure PEOC is notified by fax.
10. Assist the CAO/Clerk with the application for and Municipal Disaster Recovery Assistance program funding.
11. Keep a log of all action taken.

Note: Under the *Emergency Management and Civil Protection Act*, in a municipality, only the "Head of Council (HOC)" may declare an emergency. If the HOC cannot declare because they cannot be reached or are unable to make the declaration then they will use their Acting HOC.

The head of council or the council of a municipality may at any time declare that an emergency has terminated.

The Premier of Ontario may declare the termination of an emergency.

PEOC Levels of Response

Routine Monitoring	Enhanced Monitoring	Activation
PEOC Duty Officer monitors the situation on a 24/7 basis	A PEOC Duty Team (possibly including some provincial/federal representatives will continually assess the developing situation from the Provincial EOC (PEOC). EMO Community Officers(s) may be deployed to the affected community(s) to provide advice and assistance	The PEOC will be operational and appropriately staffed with provincial ministries, federal departments and other organizations, as required, to coordinate a provincial response. The Provincial Emergency Response Team (PERT) comprised of EMO Community Officers and possibly other provincial ministry representatives, will likely be deployed to the affected community(s) to provide advice and assistance.

CAO/CLERK/PRIMARY C.E.M.C TASKS

1. Serve as an advisor to the Head of Council on administrative matters and provide for the safety of municipal records.
2. Ensure that all members of the MECG have been called out.
3. Carry out any necessary administration in connection with the emergency.
4. Maintain liaison with all supporting agencies, as required.
5. Notify the Recreation Secretary if a Reception Centre is to be set up in the Recreation Centre.
6. Arrange for the assistance from volunteers to assist the Thunder Bay District Social Services Administration Board (TBDSSAB) or Ministry of Community and Social Services (MCSS) carry out the welfare function.
7. Notify the CAO/Clerk of a reception municipality of an impending evacuation or of actual evacuation orders as soon as possible if residents will be evacuated to another municipality.
8. Conduct "business cycles" in the EOC - refer to "MECG Duties"
9. Apply for any MDRA (Municipal Disaster Recovery Assistance) funding which may be available following the termination of a declared emergency.
10. Update the local names, telephone numbers, etc. electronically for this plan. Ensure hard copies are distributed to local plan holders.
11. Perform the duties of the Thunder Bay Area Emergency Planning Officer/CEMC until he arrives at the EOC
12. Keep and maintain an up-to-date inventory of supplies and equipment required for the EOC with one copy of the inventory in the EOC and ensure the supplies and equipment are always in the EOC
13. Maintain a log of all action taken.

PUBLIC INFORMATION OFFICER TASKS

1. Arrange for the dissemination of special information e.g. emergency responders to report to a location or go on standby for call-out as the case may be;
2. Urge citizens to refrain from using telephones so emergency communications will remain open;
3. Provide information on health hazards as prepared by the Medical Officer of Health;
4. Schedule press conferences on a regular basis;
5. Arrange for media facilities and support near the EOC
6. Provide public relations support to the emergency site.
7. Gather information from emergency services and prepare releases for the approval of the Head of Council prior to all press conferences;
8. Set up public education/inquiry lines
9. Maintain a log of all actions taken

FIRE CHIEF

1. Activate the Fire Service's Emergency Call-Out System.
2. Conduct firefighting operations.
3. Direct and/or assist rescue operations.
4. Activate the Fire Mutual Aid System, if required.
5. Appoint an On-Site Fire Coordinator.
6. In the event of a dangerous goods spill,
 - a. Ensure the Ministry of Environment and CANUTEC are contacted for any assistance required.
 - b. Make available to the MCEG the applicable portion(s) of the Book entitled "North American Emergency Response Guidebook"
7. Should a CBRN or HUSAR team be required, ensure the "Head of Council" has declared an emergency and then call for the Applicable team via the Provincial EOC.
8. Implement the Telephone Outage Emergency Plan in Supporting Document as required.
9. Keep the MCEG updated on the emergency if the Fire Services is involved.
10. Aid in search and rescue of trapped and injured people
11. Advise the MCEG when sustained damage to structures exceed safe limits.
12. Maintain a log of all actions taken.

OPP DETACHMENT COMMANDER TASKS

1. Activate the department's emergency alert system.
2. Call out the MECG.
3. If appropriate, appoint an on-site Police Coordinator.
4. If warranted, set up an on-site command post, either in existing facilities or in a mobile command post.
5. Seal off the emergency area in the event such action is necessary.
6. Control traffic to facilitate the movement of emergency and evacuation vehicles.
7. Conduct the evacuation of buildings and areas ordered by the Mayor.
8. Provide security and prevent looting in emergency or evacuation areas and reception centers.
9. Arrange for additional police assistance, if required.
10. Advise the Coroner in the event of fatalities and perform whatever additional responsibilities may be necessary under the *Coroners Act* and other statutes.
11. Keep the MECG apprised of the emergency.
12. Implement the "Telephone Outage Emergency Plan" in Supporting Document "E" as required.
13. Maintain a log of all actions taken.

THE SUPERIOR NORTH EMS MANAGER/SUPERVISOR TASKS

1. Activate the department's emergency alert system and emergency plan.
2. Assume responsibility for triage and evacuation of casualties from the emergency site.
3. Assume responsibilities for additional resources of ambulances, personnel, and communications equipment.
 - a. Call Central Ambulance Communications Centre in Thunder Bay,
 - i. if calling from a telephone service by Bell Canada call 1-800-348-5019 or through the Bell Canada Operator, "O" .
 - ii. if calling from service by Thunder Bay Telephone, dial 9-1-1
4. Ensure an adequate distribution of casualties to the local hospital(s) and to area hospital(s)
5. Provide and co-ordinate all transport requirements for the movement of casualties.
6. Maintain a log of all actions taken.

EMO FIELD OFFICER (AMETHYST SECTOR) TASKS

In the event of a major incident or declared emergency, a Field Officer may be requested to:

1. Respond to the affected municipality;
2. Coordinate the dispatch of provincial resources;
3. Facilitate any requests for provincial assistance from the municipality and;
4. Provide advice or assistance to municipal officials, as needed.
5. Maintain a log of all action taken.

AREA MANAGER OF MCSS / TBDSSAB DUTIES

1. Activate the department's emergency alert system;
2. Alert/call-out the following, as necessary;
 - a. Salvation Army
 - b. Canadian Red Cross
 - c. St. John Ambulance
3. According to the nature of the emergency, ensure the survival and well-being of people during and following an emergency by coordinating with the local welfare agency and volunteer groups, for:
 - a. Emergency clothing to provide adequate protection from the elements;
 - b. Emergency lodging to provide adequate temporary accommodation for the homeless;
 - c. Emergency feeding to sustain those without food or adequate food preparation facilities, and in conjunction with the Salvation Army;
 - d. Individual and family services to assist and counsel individuals and families in need and to provide special care to unattached children and dependent adults.
4. Assist the Red Cross in the registration and inquiry services to reunite families and to collect information and answer queries concerning the safety and whereabouts of missing persons;
5. Maintain a log of all action taken.

THE MEDICAL HEALTH OFFICER DUTIES

1. Activate the Health Unit's emergency alert systems;
2. Coordinate all community health and medical services that may be required and liaise with other essential services;
3. Provide and disseminate public information on any health hazards;
4. Provide advice on public health matters to the Head of Council;
5. Provide for mass immunization, if required;
6. Oversee water quality and advise on an alternate supply of potable water, if required;
7. Provide advice to the Head of Council on the evacuation of buildings and area for health reasons;
8. Notify other agencies and senior levels of government about health-related matters;
9. Maintain a log of all action taken.

PUBLIC HEALTH NURSE DUTIES

1. Occupy the position of the Medical Officer of Health in the EOC until the Health Officer arrives;
2. Perform duties as per the Health Unit's emergency plans after the Medical Officer of Health arrives;
3. Keep the Medical Officer of Health informed at regular intervals of all activities and the MECG if the Medical Officer of Health is not in the EOC
4. Ensure a drugstore stays open, (within reason), during an emergency;
5. Maintain a log of all action taken.

DIRECTOR OF OPERATIONS TASKS

1. Activate the department's emergency alert system.
2. In the event of a power outage, more than 12 hours in the summer and 4 hours in the winter, will ensure the appropriate generators are provided to power the essential buildings as per the Hydro Outage Emergency Plan in Supporting Document "E."
3. Provide municipal equipment and personnel, as necessary.
4. Arrange for the procurement of special equipment e.g. heavy-duty cranes, pumps, etc.
5. Liaise with the Ministry of Transportation (MTO) Officials and obtain necessary resources from them when warranted.
6. Arrange for disconnection of utilities which represent a hazard and keep a list of local suppliers and location of equipment in the case of an emergency.
7. Aid in cleanup operations and repair damages where there is a municipal responsibility.
8. Provide flashers and barricades.
9. Restore and obtain assistance in restoring essential services
10. Act as liaison with local and provincial utilities;
11. Ensure emergency refueling sites are staffed and fueled as in Supporting Document "F";
12. Maintain a log of all actions taken.

HOSPITAL ADMINISTRATOR TASKS

1. Activate the Hospital's emergency alert systems if deemed necessary.
2. Maintain a log of all action taken.

MNR DISTRICT MANAGER TASKS

1. Issue the preliminary alert in a forest fire, flood or drought situation to municipal officials;
2. Provide for forest fire fighting or flood control as per Ministry policy;
3. Recommend evacuation, if warranted;
4. Determine the evacuation routes in conjunction with municipal officials and the OPP;
5. On completion of the fire or flood emergency, will authorize the return of the residents if they have been ordered evacuated by the Province;
6. Maintain a log of all actions taken.

BOARDS OF EDUCATION TASKS

1. Activate the Board's Emergency Plan;
2. Provide control over school population and protection of school property;
3. Hold student population in schools until instructed otherwise by the MECG unless students are in imminent danger;
4. Make available designated schools for the reception of evacuees;
5. Ensure the Board and all its schools have a coordinated and up-to-date emergency plan which includes provisions for obtaining transportation for evacuating all school students at any given time;
6. Maintain a log of all action taken.

ST. JOHN AMBULANCE CORPS SUPERINTENDENT TASKS

1. Activate the agency's emergency alert system;
2. Provide first aid;
3. Establish first aid posts as required and in all designated reception centers;
4. Assist Local ambulance authorities or Central Ambulance Communication Center by providing ambulance service as lead time and resources permit;
5. Assist Red Cross and Social Services agencies in operating the reception centers;
6. Maintain a log of all action taken.

CANADIAN RED CROSS SOCIETY AREA DIRECTOR TASKS

1. Activate the Society's emergency alert system;
2. Take the lead role with registration and inquiry at reception and evacuation centers;
3. Operate an inquiry bureau;
4. Support emergency or disaster operations;
5. Assist St. John Ambulance at first aid posts established at reception centers, required;
6. Assist with other Social Service activities as requested;
7. Maintain a log of all action taken.

SALVATION ARMY TASKS

1. Notify its Community Relations and Development Director and activate its emergency alert system;
2. Operate in cooperation with the MCSS;
3. Direct and coordinate the emergency feeding requirements for workers at the site and for victims located in the reception centers;
4. Assist Social Services and the local Welfare Service in providing bedding and clothing;
5. Provide and coordinate clergy assistance;
6. Keep the MECG appraised of the emergency situation;
7. Maintain a log of all actions taken.

COMMUNICATIONS PLAN

1. Timely and accurate information is of the utmost importance during an emergency. Sharing of information is critical for a coordinated response. Each department and position/person listed in the Emergency Plan must know their role in the Emergency Plan and their role in their everyday duties. This includes how they communicate on a regular basis and how they communicate when the normal lines of communication are out of service.
2. Upon implementation of the Emergency Plan, ensure the following is carried out to facilitate communication and an effective response:
3. MECC:
 - a. Share information verbally and by flipchart with other MECC members.
 - b. Initiate and ensure two-way communication with your department and your department head at the site, via the best available method (eg. Landline, telephone, cellular telephone, radio, fax, runner, ham radio).
 - c. Create timely, accurate and appropriate information for the public for dissemination by the Public Information Officer. (Approved and signed by the "Head of Council").
 - d. Prepare public education bulletins for the public concerning health, safety or security as needed, for distribution to the public by the Public Information Officer via the media, handout, etc.
 - e. If reception center's are set up, provide above information via maps, hard copies and by MECC members in person
 - f. Time permitting; the "Head of Council" should give live media coverage initially or at a public meeting to give authority for the emergency. (The public will be better able to believe the situation as there is often denial) vii) Liaise with mutual aid, corresponding municipal, provincial, federal and industrial counterparts.
 - g. When official requests are made for provincial or federal help, communicate by the most secure and effective means via the PEOC. Otherwise there could be a breakdown of communications and unneeded costs to the municipality.
 - h. Ensure the Public Information Officer is in place and appoint as needed:
 - i. Communications Officer,
 - ii. Citizen Inquiry Officer; and
 - iii. Site Media Officer.
 - i. Make sure all the resources they need are available and that their duties are being carried out in a timely and accurate manner.

EVACUATION PROCEDURES

1. If only a small portion of Red Rock is ordered evacuated, reception centers will be set up in the safe areas of the affected community or in the Township of Nipigon.
2. In an evacuation whereby, the residents of the Township are required to leave Red Rock, the reception municipalities are listed below. Their selection will be dictated by the nature of the emergency and the safety of the evacuation routes:
 - A) **THUNDER BAY – primary**
 - B) **SCHREIBER – secondary**
 - C) **TERRACE BAY – alternate**

The evacuation routes are:

- A) **Highway 11 & 17 west to Thunder Bay – primary**
 - B) **Highway 11 & 17 east to Schreiber and Terrace Bay – secondary/alternate**
3. The CAO/Clerk or Public Information Officer, if designated by the Head of Council, will use the CODE RED system, electronic media or by whatever most effect means available to assist in alerting residents, explaining the mode of travel and evacuation route.
4. The Mayor, time permitting, will give a brief interview to the electronic media to verify for residents the authenticity of the evacuation order and to provide reassurance to residents.

PUBLIC INFORMATION GUIDE: EVACUATION

- Evacuation is anticipated, the public will be warned by the OPP and Code RED System.
- On hearing a warning, residents are requested to turn on radios or televisions to local stations and listen for announcements and/or instructions.

When evacuation becomes necessary and is ordered:

- Residents who do not have their own transportation will be asked to assemble at the Red Rock Recreation Centre (39 Brompton Rd.)
- Residents who are physically unable to move to these locations are requested to phone the broadcasted numbers and place a white cloth into the door of residence facing the street or road.
- Pick-up will be arranged as soon as possible.
- Residents who have their own transportation are asked to await further instructions.
- Residents relying on emergency public transportation and/or public reception centers for accommodation are reminded that pets are not permitted in either of these facilities.

For the safety and comfort of your family and protection of your property, the following is suggested in the case of an evacuation:

1. Secure your home
2. Carry identification (driver's license, birth certificate, medical alert, etc.);
3. Carry an appropriate amount of cash;
4. Take one (1) blanket or sleeping bag per person;
5. Take one (1) air mattress per person, if available;
6. Clothes, depending on season, and change of clothes;
7. Raincoat, windbreaker or parka, depending on season;
8. Enough ready-to-eat food to last at least twelve hours (12hrs);
9. Thermos bottle of hot or cold beverage;
10. Flashlight with spare batteries;
11. Prescription drugs as required (carry prescription, if possible);
12. Soap, towel, personal toilet or hygiene articles;
13. Facial tissue (Kleenex) or similar sanitary paper;
14. Books, magazines, games, etc.
15. Adults with small children should include items of special needs as required:
 - Infant formula in thermos bottle;
 - Disposable diapers;
 - Toys.

EVACUATION: NOTES

1. If evacuation is by private vehicle and you have room in your vehicle, please stop for extra passengers at the Red Rock Recreation Centre or
2. If transportation is by emergency public transport (other than train):
 - Only one (1) piece of baggage per person can be taken (identify your luggage - it may be transported separately)
3. Carry valuables and documents in a handbag or on your person.
4. Residents will be asked to register at Registration Centre(s) in the reception community, so that inquiries by relatives and friends can be answered as quickly as possible.
5. An Emergency Public Information Service will be established in the reception community.
6. Arrangements will be made with the local stores and gasoline outlets to remain open during an evacuation if conditions permit.

PUBLIC INFORMATION GUIDE: DANGEROUS GASES

- If an emergency involving dangerous gases is called, don't panic.
- Turn on radio for instructions.
- Evacuation areas will be decided by wind direction.
- Each School, Institution, Factory, Office, and Household is responsible for its own evacuation plan.
- Attempt to locate pets before leaving.
- Attempt to travel to school or place of employment to locate family. The Board of Education will ensure students are out of the danger area.

If you are unable to escape or are trapped:

1. Go inside.
2. Tightly close all doors, windows, and exterior openings.
3. Turn off forced air heating or ventilation systems.
4. Stay in upper portion of building. If necessary, seal yourself in one room and seal all windows and doors with wet clothes.
5. Do **not** go into the basement.
6. Move quickly but do not run if moving through gas.
7. Soak cloth in water and breathe through it if breathing becomes difficult.
8. Do **not** panic and run outside.

If you are in your car:

1. Close all windows.
2. Shut off ventilation.
 - Continue driving away from the area and do not drive through the gas cloud or your car engine will stall

If you are walking:

1. Go to nearest building or car and follow the above instructions
2. If in open area and in the path of the cloud, move quickly to high ground at right angles to the wind direction.

PUBLIC INFORMATION GUIDE: SEVERE WEATHER

(A) WEATHER WATCHES AND WARNINGS

- Environment Canada issues weather watches and warnings when anticipated weather poses a threat to public safety. This information is relayed to the public by radio and television.
- A **severe weather watch** is issued up to six (6) hours in advance to alert the general public that, for a specified portion of Ontario, there is a high potential for dangerous thunderstorm weather, which may be accompanied by a tornado.
- A **severe weather warning** is issued to alert the public that severe thunderstorms or tornadoes are imminent in the warning area – i.e., a severe thunderstorm is in progress or expected to occur within two (2) hours

(B) TORNADO SAFETY HINTS

- A personal tornado awareness program should include:
 - being aware of the weather, knowing the radio or television stations which broadcast up-to-the-minute weather information
 - knowing the name by which Environment Canada refers to your forecast region when they issue weather watches and warnings
 - reviewing your plans of action

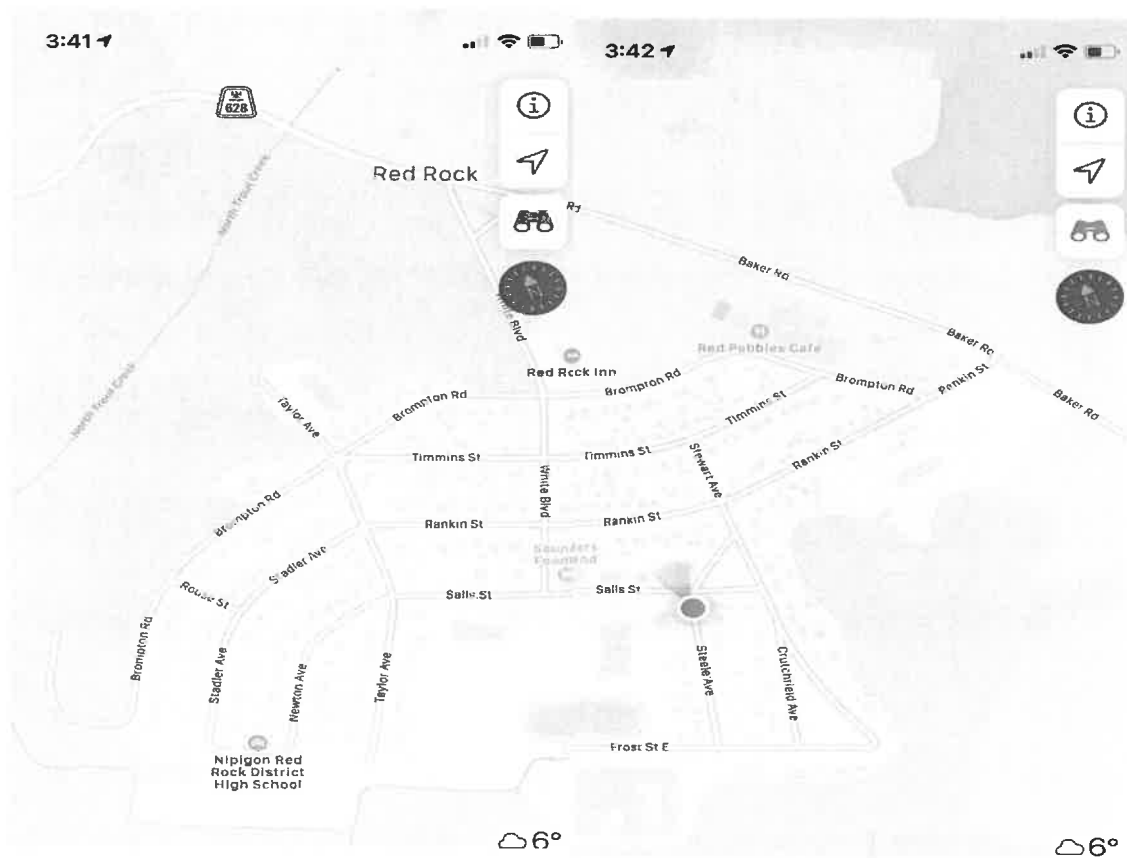

(C) WHEN A TORNADO THREATENS

- Stay away from your windows, doors and outside walls. Protect your head.
- For maximum safety, go down to the basement or seek shelter under a stairway or sturdy table, or in a closet.
- Try to reach the centre of the house or the side away from the storm.
- Avoid buildings with large areas of unsupported roof, including arenas, barns or supermarkets. If caught in such a building, seek out the lowest floor, an inside hallway or small interior windowless room, or get under something sturdy.
- If caught in the open, try to determine the tornado's direction of travel and move at right angles to it. If you cannot avoid the storm, find a ditch, ravine or other depression and lie flat. Do not remain in your car. Many people have been killed trying to ride out a tornado in their car.
- If no shelter can be found, hang on to the base of a small tree or shrub.
- Remember that damaged and weakened structures, fallen debris, downed hydro wires and gas leaks are potential dangers after a storm has passed

MAP – SUPPORTING DOCUMENT "A"

MAP – SUPPORTING DOCUMENT A (Townsite)

HAZARD IDENTIFICATION AND RISK ANALYSIS (HIRA) – SUPPORTING DOCUMENT "B"

Red Rock's HIRA was most recently reviewed by the EMPC on 2018/12/21. The most serious risks are listed below and are scored both for probability of occurrence and potential consequence. The number on the left is the probability and the number on the right is the potential consequence.

Scoring

<u>Probability of Occurrence</u>	<u>Consequence</u>
1 - No incidents in the last 15 years	1 - Negligible
2 - Last incident 5-15 years ago	2 - Limited
3 - One incident in the last 5 years	3 - Substantial
4 - Multiple incidents in the last 5 years	4 - High

3/4 Forest Fire:

Both the risk and consequences are high and the most probable cause of a large Municipal evacuation. Evacuation can be caused by smoke from a forest fire or actual fire. Forest fires have caused a partial (Phase I) evacuation from Terrace Bay (twice), Schreiber, Pays Plat and a complete evacuation (Phase II) from Beardmore and Caramat.

2/4 Dangerous Goods Spills (road, rail, or site):

Nearly every dangerous good listed in the Emergency Response Guidebook is transported through the Municipality on both the #17 TransCanada Highway and on the main CPR rail line. Some of these products listed in the Dangerous Goods Act require an evacuation or in place protection of several kilometers. The Municipality may have to wait many hours for the shipper to send expert assistance. A worst case scenario could have a train derailment with both the main exit and emergency exit from town blocked.

4/4 Extended Power Outage during the winter:

This is a very real concern. It would be difficult to look after every resident who doesn't have a source of heat which isn't dependent on electricity. Public education and encouraging family emergency plans can greatly mitigate this problem.

4/4 Severe Snow Storm:

Residents could be at risk being unable to obtain medical needs and possibly food and fuel. Police, fire and ambulance could be prevented from attending emergencies. Many roads could be closed or impassable.

2/4 Severe Windstorms/Tornado (possibly accompanied by a thunder/lightning storm):

A severe windstorm can be nearly as devastating as a tornado. During the late 1980's such a storm with wind shear caused a major blow down of nearly all trees in an area approximately a quarter of a km. wide from near the Black Sturgeon River east to nearly the Pic River, a few km. north of Hwy 17. All large trees were either broken off or uprooted. We have all seen areas of blow down in the woods. This type of severe storm can cause major damage to any homes, business and power/telephone lines in its path. Such potential loss of communications causes its own concerns.

2/3 Transportation Accident (school bus, bus, train, aircraft):

School bus - likely local residents involved. Bus - could be multi casualties/deaths; Train – passenger train could be using local line due to the CN main rail being shut down. It could block

traffic and isolate area. Aircraft crash - initial response could be slow from outside help due to distance.

4/4 Influenza (or other) Pandemic:

Our Medical Officer of Health has told us it is a matter of when, not if, the next worldwide influenza pandemic occurs. According to history we are overdue for a worldwide influenza pandemic. There are plans underway for both the TBDHU and the Thunder Bay Area EMO were to develop a District emergency plan for this risk. The plan will include having the Municipality being able to function with only 50% of staff.

1/4 Natural Gas Pipeline &/or Pressurization Plant Shut Down/Explosion

Homes/businesses using natural gas in the winter would soon be in trouble without a backup heat source.

3/3 Ice Storm

Residents could be at risk being unable to obtain medical needs and possibly food and fuel. Police, fire and ambulance could be prevented from attending emergencies. Many roads could be closed or impassable.

3/3 Domestic Terrorism/Copy Cat or Sabotage

By a mentally unstable person/disgruntled employee/domestic dispute gone really bad. This is far more likely than a real act of terrorism.

CRITICAL INFRASTRUCTURE – SUPPORTING DOCUMENT “C”

The following are the most important infrastructures in Red Rock and are listed in rank order during an emergency:

1. Public Safety and Security - police, fire and ambulance staff/vehicles
2. Municipal Staff/Council/Buildings/Records
3. Ontario Hydro Grid
4. Telecommunication Links
5. Roads/Bridges on TransCanada Hwy 11/17 and Roads/Bridges on Highway 628
6. Natural Gas Pipeline
7. Red Rock Marina
8. Financial Institutions
9. Grocery Store
10. Water Treatment and Distribution System
11. Ontario Power Generation Dam and Hydroelectric GS
12. Wastewater Collection and Treatment System

HYDRO OUTAGE – SUPPORTING DOCUMENT “D”

1. In the event of a Hydro Outage, more than 12 hours in the summer or 4 hours in the winter, in the Township of Red Rock, the following will take place:
 - a. Town Fuel - The Township will make fuel available for emergency/vehicles only as follows:
 - i. Superior North EMS (Ambulance)
 - ii. OPP vehicles
 - iii. Red Rock Fire vehicles
 - iv. Red Rock Public Works vehicles
 - v. Hydro One contractor vehicles
 - vi. Other vehicles as deemed necessary by the Township
 - b. The Designated Emergency Re-fueling Site form (attached as Supporting Document “F”) has been provided to EMO. Only the above-noted vehicles will be allowed access to the refueling site and there will be no exceptions.
 - c. The EOC will move to the secondary location at the Recreation Centre. The facility has a back-up gas generator.
 - d. Additionally, in the case of a prolonged emergency or loss of power to the Township, the Emergency Reception Centre for citizens is the Red Rock Recreation Center with the primary evacuation location as the City of Thunder Bay.
 - e. Stand-by power for the short term and generator power for the longer term will be supplied to the Fire Services radio base station and tower. The Fire Department will provide spare radios to the Public Works Department and EOC to ensure radio communication is maintained between all Township personnel and Fire Services with the ability to link to the Ambulance Service. (See also procedure attached as "Supporting document E" in the event of a telephone outage).

TELECOMMUNICATIONS OUTAGE – SUPPORTING DOCUMENT “E”

In the event of a telecommunications outage in the Township of Red Rock:

1. Telephone outage will be identified by any of the emergency services (EMS, police, hospital, fire) or the Township. All will check to ascertain if cellular service and internet are still available.
2. All agencies to be advised of the outage as follows:
 - a. Fire Services through page at Fire Hall Base Station
 - b. Ambulance dispatch in Thunder Bay (CACC)
 - c. OPP dispatch in Thunder Bay
3. A member(s) of the Fire Services will proceed to the Hall and staff the Fire Services radio (in case of requirement to page out the service).
4. Each of these services will be advised of the following: "There is a community wide telephone outage and the telephone emergency response procedure is to be put in place".
5. From the Fire Hall, there will be the ability to communicate with all emergency personnel, i.e. ambulance, police and page for fire. During the period of the outage, Red Rock Fire Services will coordinate with EMS and any other community resources to monitor residents who depend on the lifeline support system or who live alone, on an "as necessary" basis.
6. The OPP will make every effort to continuously patrol the community to identify any potential emergency. When identified, they will notify the relevant emergency personnel.
7. If emergency assistance is required when no telephone service is available, residents should go directly to the fire hall or to the nurse's desk at Nipigon Memorial Hospital. These locations will be able to access all required emergency personnel.
8. If both telephone and cellular service are out of service, a member of the Red Rock Fire Service or Township will monitor the mobile satellite telephone in the EOC at 1-600-700-0110 and have a portable radio.
9. When the telecommunications services resume, all agencies are to be notified and will return to regular duties.

REFUELING – SUPPORTING DOCUMENT “F”

CEMC ROLES AND RESPONSIBILITIES CHECKLIST

The responsibilities of a CEMC include:

- Y Successfully complete all training as required by Chief of EMO and maintain familiarity at all times with current emergency management standards and legislated municipal emergency management requirements. Ensure that senior management and elected officials are aware of the latter.
- Y Identify municipal emergency management program resource requirements, including funding, and prepare or assist in the preparation of an annual emergency management program budget submission for Council's review and approval.
- Y Form a municipal emergency management program committee consistent with Ontario Regulation 380/04 Part II Section 11.

In conjunction with the municipal EMPC:

- Y Conduct a Hazard Identification and Risk Assessment (HIRA) for the municipality.
- Y Ensure the designation/development of an appropriate municipal Emergency Operations Centre (EOC).
- Y Conduct a process to identify critical infrastructure in the municipality.
- Y Document the existing municipal emergency response capabilities and identify additional needs to council.
- Y Conduct annual training for the members of the Municipal Emergency Control Group and Emergency Operations Centre staff.
- Y Conduct an annual exercise to evaluate the municipal emergency response plan.
- Y Identify individuals to act as municipal emergency information staff.
- Y Develop and implement a municipal emergency management public education program.
- Y Conduct an annual review of the municipal emergency management program
- Y Provide emergency management expertise and support to the municipal emergency control group during an emergency.
- Y Maintain the municipal emergency response plan to ensure it is up-to-date and accurately reflects the municipal risk assessment and emergency management program priorities.
- Y Liaise with the appropriate EMO Field Officer at all times to ensure that the municipal emergency management program complies with legislation; and to request provincial support or assistance.

-
- Y Monitor the municipality's level of compliance with the legislated emergency program requirements and process the required verification documents for review and submission to EMO by the CAO or Head of Council.
 - Y If desired, provide EMO-approved Basic Emergency Management (BEM) training to municipal staff or others within the municipality who may benefit from it.
 - Y Other responsibilities as assigned.
